Hearing held for hog farm

By Nancy McGill
Hebron Journal-Register
hebronjrnews@windstream.net

The Thayer County Commissioners included a public hearing during their March 16 meeting to hear about Pawnee Ridge's request to double its hog capacity.

The county's zoning and planning department also held a public hearing March 9 on the proposed expansion.

Chairman Gary Miller said the permit request is to double the facility's 1,750 animal units.

He said both public hearings drew about the same amount of county residents and the concerns were about the same, too – water and odor.

Eleven people, including Pawnee Ridge Owner Brett Wilke and Facility Manager Mark Miller, attended the hearing.

The commissioners posed questions to Wilke regarding water availability, composting and how mortalities are handled.

Wilke said another well may be needed, but he hasn't further researched the project to know what will be required.

He said composting is part of the operation and mortalities are placed in bays to decompose, which transforms into reusable material.

On water, the facility uses approximately five million gallons per year. Doubling the capacity would most likely call for approval from the Natural Resource District to dig another well.

Odor was briefly discussed and two people in attendance said they had no issues with odor from the facility.

Wilke also addressed employment. He currently has nine employees and expects that number to increase.

Wilke said taxes on the facility are $26,000 per year. The facility is valued at over $2 million, and the investment will amount to $8 million once they are finished.

The commissioners asked if Wilke uses local companies for services. Wilke answered he has used local people for small projects, but will use a company out of Columbus that specializes in hog facilities to build.

Miller said the zoning and planning department will decide whether to recommend the facility to the county commissioners at its March 31 meeting in the courthouse.

School to sell primary portable

The old portable building next to the Thayer Central primary building at Sixth and Jefferson Streets will be the first to go.

Thayer Central's board of education authorized its sale during its March meeting.

"Our main goal is selling it off," Superintendent Drew Harris said.

The portable was purchased by the district 40 years ago.

In other business, three new teachers were hired – Jessa Klute for kindergarten; Paige Petersen for elementary special education; and Megan Heitmann for preschool.

Klute will step in for Nanci Dye, who is retiring. Petersen is taking over for Julie Kriesel, who served the district for over 20 years.

Two resignations were accepted. Jean Thompson, the district's housekeeper for 18 years is retiring, along with Mel Burgess in custodial services. Burgess's wife is with the school part time. She will retire as well.

Over the summer, the district is planning to replace bleachers in the high school gymnasium and make upgrades to the locker rooms in the Intermediate building.

Group pulls event together

The Hebron Nebraska Fly-in drew aviation enthusiasts from Nebraska, Kansas and a pilot from Council Bluffs, Iowa, March 19 and nearly 300 students in grades kindergarten through sixth grade March 18.

"Overall, I think the fly-in went well. The planning committee was well prepared for a larger group flying in," Jeff Friesen, who was on the committee, said.

Additional planners were Todd Merryman, Hebron Airport Authority President Bill Linton and Hebron Airport Authority board member and pilot, Dr. Stephen Bateman.

About 20 pilots attended and three flew in. An overall crowd of 50 people were at the event.

Cloud cover, along with slightly inclement weather sped the day's activities up and canceled afternoon complimentary flights for young people.

Volunteer pilots, Mike Oswald, Mike Olson, James Calloway, Merryman and Bateman were scheduled to host the Experimental Aircraft Association Young Eagle flights. Patti Kubick coordinated for the flights.

"The forecast called for lowering clouds and light snow, both of which happened. Also, the winds were a big challenge — strong winds with lots of gusts," Bateman said.

The 7 a.m. breakfast, however, was served right on schedule. Bateman would have liked to see more locals at the breakfast, which was excellent, he said.

Planning the breakfast were Jerry and Sharon Ginn, Mike Oswald, Jamon Harms, Jeff Filinger, Don Cook, Jim Groathouse and Don Osborne.

After breakfast, Bateman said about 18 people attended his safety seminar.

"Due to the cold, we didn't do a lengthy presentation on aerobatics and went quickly to the actual flying," Bateman recalled.

On both days, pilots Doug Roth, Harry Barr and Jessy Panzer demonstrated their aerobatic talents. All three spoke to the students who packed the airport maintenance building March 18.

"The kids loved listening to Harry, Doug and Jessy talk about their passion for flying. Harry Barr is a giant in Nebraska aviation; Doug Roth is a highly skilled, knowledgeable and accessible pilot; and Jessy Panzer is not only an incredibly skilled pilot, but has an infectious enthusiasm for flying," Friesen said.

Events like the fly-in are fun and interesting for people, Bateman said.

"They are great ways to get pilots together for camaraderie and education. We would like to hold relatively small events like this one once or twice a year, and perhaps a larger air show as in 2015, every two to three years," he said.

Friesen said he's on board to plan future fly-ins. He was an announcer during the aerobatics show and also helped out as community liaison.

Overall event volunteers were Clint Werner, Kevin and Mindy Mitchell and Hebron Airport Authority Vice President Joe Hergott.

Rob Markise was the Federal Aviation Administration liaison for the fly-in. Art Whitton snapped photographs.

Members of the Hebron Volunteer Fire Department were at the airport both days to ensure safety.

Airport board members include secretary/treasurer Marlowe Huber and board member Jay Huhman. Board members discuss airport operations, improvements, state and federal compliance, safety and operational efficiency. The board is accountable to the City of Hebron and Mayor Shane Day.

"We work closely with other community bodies to provide business opportunities, as well as providing a base for services such as air ambulances and twice-monthly visits to the hospital for specialist medical care," Bateman said.

Currently, there are 12 airplanes at the Hebron Airport, two crop-dusting operations and Chocks Away Aviation, Bateman's service that offers flying lessons.

"We hope in the near future to have a helicopter spray operation based at the airport, along with helicopter maintenance facilities," Bateman said.

The two-day event featured education and an air show by Panzer and pilots, Harry Barr and Doug Roth. Multiple volunteers helped with the fly-in. About 300 students from Thayer County schools were hosted the first day of the fly-in. Bateman said he expects to plan more fly-in events in the future.

Hay fire requires mutual aid

Belvidere and Hebron volunteer firefighters worked to snuff a hay fire just west of Highway 81 in the 6000 block of Road U March 16 at approximately 4 p.m. The Deshler and Bruning departments furnished water tankers. The fire may have started in a ground pile of hay that smoldered for a while before igniting. Firefighters were at the scene until about 7:30 p.m., spreading the hay and wetting it down. Several people drove tractors and a skid loader to try and stop the fire. An excavator was used later to bury possible smoldering piles of hay.

Since the disastrous conflagration of Nov. 19th, Hebron has had a number of fires, the last occurring Thursday night. About nine o'clock on that evening, the bells rang the alarm of fire, and it was discovered that the slaughter house and smokehouse of A. J. Skipper, just outside of the south limit of the town were burning. A large crowd soon gathered, but little could be done toward saving either the buildings or their contents, the fire having gained too much headway. The contents comprised about 1000 pounds of bacon and shoulders, besides dried beef, bologna, hides and tallow.

Davenport: Burglars broke into the hardware store of J. A. Boggs of this place last Friday night and blew open the safe. The handle of the door was broken off leaving a hole in the lock. This was filled with powder, the explosion of which broke open the outside door of the safe, but the explosion evidently frightened them away as the inner door was not molested. They stole several revolvers from the store and broke open the money drawer. They secured tools by breaking open the St. J. & G.I.R.R. tool house but returned them. No clue to the robbers has been found.

Belle Prairie, the vicinity from which we have long since been writing, is located northeast of Hebron, comprising school district 38, which is eight miles from Hebron, and the surround country. It is the divide between the Blue and Sandy rivers. It is on account of its broad, beautiful acres, that are so well adapted for cultivating and for carrying on agricultural pursuits, that the name of "Belle Prairie" was adopted. It was thus called by the early settlers, but since that time it has gone under several different names, among them "Michigan Avenue" and "Poverty Flat."

Report sees three rollovers

The Thayer County Sheriff's Office logged three rollovers from Feb. 7 to March 12.

Aubrey Fangmeier, 16, Hebron, was driving a 1995 Ford TGS eastbound on County Road N when his vehicle went off the road and overturned in the ditch March 12 at 12:10 a.m.

Officers determined speed and attention were contributing factors to the accident. No injuries were reported, nor was an estimated damage amount listed.

Liela J. Krupicka, 84, Davenport, was driving a 2009 Chevrolet IPL when she collided with the wall of St. Peters Lutheran Church March 11 at 10:22 a.m.

Krupicka had injured her hand and may have been light headed, she said. She was transported by Davenport Volunteer Rescue Unit to Thayer County Health Services.

Estimated damage was $2,000.

Jordan L. Winn, 26, Davenport, was driving a 2005 Ford F2S pickup March 6 at 1:30 a.m., when he realized he was going around a corner too fast and lost control. Winn told officers he fell asleep while driving.

The pickup rolled and landed on its tires. Winn noticed a passenger was injured and drove the pickup to a friend's house for help. The passenger was seen at Thayer County Health Services.

It is unknown if drugs or alcohol were a factor. No estimated damage was available on the pickup.

A 2008 Ford Focus rolled one full revolution and landed on its tires after driver Tiffany Burke, 28, Burlington, Kan., lost control on Road 5500 Feb. 27 at approximately 6:10 p.m.

Burke was heading north when the rollover occurred. She was ejected and trapped under the vehicle until Deshler rescue flipped the Focus onto its op. Burke was transported to Thayer County Health Services for treatment.

A blood draw was completed on Burke, who is suspected of using drugs and/or alcohol. Burke was alone in the vehicle.

An estimate of the damage was not reported.

Karen R. Fegter, 57, Deshler, was driving a 1994 Mercury TGS westbound on County Road M Feb. 24 at 5:40 p.m., when she collided with a 1994 Dodge 2500 pickup, driven by Christopher Morris, 36, Belleville, Kan., at the intersection of County Roads 6000 and M.

Morris had slid prior to the impact. Estimated damage to the pickup was $2,500.

No injuries were reported. Fegter's vehicle sustained an estimated $2,000.

Robert E. Keim, 79, Ainsworth, was driving a 1995 Lincoln EXC on Highway 136 Feb. 12 at 5:24 p.m, when he pulled away from a stop sign to Highway 81 and collided with a southbound 2010 Dodge Avenger, driven by Saul Ayala-Aristondo, 33, Denison, Iowa. Ayala-Aristondo told police he saw Keim coming and honked his horn.

Two witnesses were present. No estimated damages were reported.

Keim and two passengers from Ayala-Aristondo's vehicle were transported by Hebron Volunteer Fire and Rescue and Deshler Volunteer Rescue Squad to Thayer County Health Services.

Trenton Dunn's 1999 Chevrolet SK1 pickup was parked when Dylan R. Jasperson, 29, Hebron backed his 2011 Ford WLX minivan out and tapped the pickup. The accident happened in Deshler on Bryson Street Feb. 7 at 2 a.m.

According to a Thayer County Sheriff's accident report, Jasperson fled the scene. It is unknown whether drugs or alcohol were used.

Nation Doctors' Day

Health News
Thayer County Health Services

National Doctors Day is celebrated on March 30th each year. Thayer County Health Services wants to use this day as an opportunity to say "Thanks" to our healthcare providers. All of us should let them know we appreciate the family physicians and mid-level providers that choose to practice in rural communities. They play an important role in the health of local residents. By choice or by chance, each of our lives has probably been impacted by the care they give.

In the U.S., 60 million people, or 19 percent of the population lives in rural communities. They work primarily as farmers, farm workers, ranchers, or agricultural suppliers. The obstacles faced by health care providers and patients in rural communities are vastly different from those in urban areas.

Rural communities face a unique combination of factors that create disparities in health care not found in more populated areas. Economic factors, cultural and social differences, higher insurance premium and access to wellness activities all impede a rural resident's struggle to stay healthy.

Given that rural communities face more obstacles when it comes to access to care, the need for quality rural healthcare providers becomes even more important. Statistics show that about 10 percent of physicians practice in rural communities, despite the fact that 19 percent of the population lives in these areas. Possessing a broad range of skills, family physicians provide comprehensive and irreplaceable care to small rural communities.

Although the shortage of physicians in rural communities has improved, there continues to be a shortage. Studies done on the demand and the number of patients per physician ratio indicate a real need for additional physicians in rural communities. Research has shown that medical students who have experience serving rural communities are more likely to return and practice there. This includes physicians born or raised in rural communities and medical students and residents who were trained in rural communities.

Providing health care to rural communities is different from what happens in cities. Trying to impose a one-size-fits-all model doesn't necessarily work either. Rural healthcare is part of a complex web, spreading out from the individual, to the local community, to regional hospitals, to the big metropolitan tertiary hospitals.

This inter-connectivity is in part why hospitals are moving into a new era that focuses on preventive services and cost reduction. Hospitals are being challenged to take care of patients after they are discharged from the hospital, and to give more attention to population health.

Rural hospitals can act as catalysts in their communities by better understanding their residents' needs, conducting health surveys, and developing appropriate services based on community resources. As payers of health care inevitably move from volume-based to value-based methods of reimbursement, this new focus becomes even more important.

Thayer County residents are fortunate to have excellent medical staff available to them locally. When you see your health care provider, be sure to tell them "Thanks" for choosing to be a rural healthcare provider.

Erma Lee was a stay-at-home mom for many years. She was a cub scout leader, girl scout leader, active in the local Halfman American Legion Auxiliary Unit #352, holding many offices, a past Quilt Guild member, member of the Thayer County Hospital Guild, Deshler Woman's Club, and the Deshler China Painting Club.

Erma Lee enjoyed attending many antique auctions and could not resist buying old plates and pitchers. She also was an avid bridge card player, member of two local clubs, loved to bid and be the high scorer at the end of the game.

Before getting married Erma Lee worked the night shift for the Hebron Telephone Company, spending many night hours talking with Clara from the Deshler Telephone Company.

Tony and Erma Lee purchased the local Gambles store and moved it to consolidate the appliance store. At that time they bought out the partnership with the Uphoffs. Erma Lee went to work full time helping to manage the business. She enjoyed dressing up all the window displays and making the windows interesting for people to window shop.

As Tony's health declined and he was told to stay off his legs, they sold the hardware business to a young new family moving to the area, Randy and Deb Weideman. Erma Lee retired from work and became a pampered wife once again.

Erma Lee is survived by her children, Thomas George Hohl from Lincoln and Arlis Jean Hohl, living with her in the family home in Deshler; sisters-in-law, Marilyn Asche of Englewood, Colo., and Virginia Crawford of Denver, Colo.; many nephews and nieces, great and great-great nephews and nieces, and many special relatives and close friends. She also had two poodles, Lacey and Little Bit (who we inherited), and a cat named Blackie (who adopted us) at the home.

She is preceded in death by her husband Tony; parents, George and Sylvia McLaughlin; brother, Doyle and wife Dorothy McLaughlin; sister, Orva Lee and husband John Holland; nephew, Jim McLaughlin; mother and father-in-law, Anton (Tony) and Anna Hohl; brother and sister-in-law, Charles and Valera Andrews; brothers-in-law, John (Jack) Crawford and Norman Asche; and other close relatives and friends.

The funeral service was held on March 17, at Peace Lutheran Church in Deshler, with Pastor Rich Stevenson officiating. Congregational hymns were "In the Garden," "Beyond the Sunset" and "On Eagles Wings." Heidi Isernhagen was the organist.

Pallbearers were Bob, John, Danny and Tommy Holland, Mike, Jeff, David and Brian McLaughlin.

Honorary bearers were Greg Asche, Brad Crawford and Billy Vodicka.

Interment was in the Deshler City Cemetery following the service. The local Halfman American Legion Auxiliary Unit #352 also had a short service at the cemetery.

In lieu of flowers, memorials will go to the family's choice.

Ahrendts Funeral Home, Deshler, was entrusted with the arrangements.

The date for the funeral, March 17, was chosen because Erma Lee was nuts about St. Patrick's Day. Years ago, she used to host parties and they would have Irish coffees and green punch. We also always had corned beef and cabbage that day to eat. Each year we had to have out our green decorations and, of course, you had to wear green on that day or you received a pinch to grow an inch.

He was born on Mother's Day, May 12, 1940, to Seymour and Clara (Brown) Johnson, in Villisca, Iowa.

Richard was baptized June 2, 1940, and confirmed June 13, 1954, at Mt. Calvary Lutheran Church.

He graduated from Villisca High School with the class of 1958, where he held the school High Jump record until the early 1990's. Richard attended UNO where he met and married Mary Ann "Pat" Engel on July 8, 1962.

After transferring back to Omaha in 1966, a third son, Spencer, was born in 1971. During the same year, the company became ConAgra, Inc. Additional transfers took him to California for 12 years and back to Omaha where he retired in 2001.

During his retirement years, Richard continued to serve in his church and he loved volunteering with the CREATE foundation. He found great joy in family activities, traveling, genealogy, photography and trains.

He is preceded in death by his parents; sister, Leona Kernen; brother, Larry Johnson; niece, Jennifer Johnson; and in-laws, Bill (Augusta) Engel, Lavern (Eleanor) Engel and Don (Wilma) Engel.

Belvidere

By LaDonna Avers

Easter weekend is coming and with it comes the traditional Easter egg hunt held in Belvidere Centennial Park, Saturday, March 26, at 2 p.m., for ages preschool through sixth grade.

The Belvidere Woman's Club sponsors the egg hunt each year. It is an ongoing generational event that many former participants enjoy. It is exciting to see the faces of many returning residents and also welcome new Easter Egg hunters.

Many years ago the hunt was organized by the Belvidere Better Homemakers Extension Club. Now these members have the joy of seeing their grandchildren participate. Tradition really IS important!

Belvidere firemen were kept busy this past week with a hay fire west of town and also with cleaning up the park for the Easter egg hunt.

LaDonna Avers, your faithful news reporter, had the misfortune to fall and break her leg. She has had surgery and is now undergoing dialysis. She is presently in the Select Care Unit of Bryan West Hospital in Lincoln.

The Maundy Thursday church service will be held at the Belvidere United Church of Christ on Thursday , March 24, at 5 p.m. Kim Dunker is the pastor and everyone is invited to come. The Easter Sunday church service will be at 9 a.m.

Coal mining enjoyed only a brief history in Republic County. But other things of value uncovered at Minersville - workers rights, equality for women and blacks, abolishing child labor - had a lasting impact on society.

USDA offers homeownership opportunities with no down payment

Are you interested in buying a home but don't have the money saved for a down payment? Purchasing a home may actually be more affordable than renting and financing is available with no down payment in rural communities through USDA Rural Development housing programs.

Eligibility is based on income, acceptable credit, repayment ability and a property located in rural areas. Nebraska State Director, Maxine Moul, said, "Home ownership should be an achievable dream and in many cases, USDA housing programs provide the only way for rural residents to buy a home."

Revisions to the USDA Guarantee Rural Housing (GRH) program guidelines were effective March 9, 2016, to allow additional families to qualify for home ownership.

With changes, applicants who have credit scores of 640 or greater, at least two established trade lines on the credit report, and a 12-month payment history will typically be considered as having acceptable credit history.

However, applicants who do not meet this credit threshold may still be eligible by establishing acceptable alternative credit history with rent verification and at least one additional trade reference that is reoccurring (i.e. utility payments, insurance, phone, etc.) or three trade reference if rent is not available.

Eligibility is subject to income limits that do not exceed 115 percent of the median household income of the property's county. The Guaranteed loan program provides homeownership loans through approved lenders and a list is available at www.rd.usda.gov/ne.

The interest rate is negotiated between the lender and applicant and is currently below 4.50 percent. The low fixed rates and terms allow for affordable payments. For example, a $100,000 loan at 4.25 percent would have a monthly principal and interest payment of approximately $492 plus taxes and insurance.

The Agency also has Direct loan program available to households that are below 80 percent of the median household income for the county. For example, the income limit for the Direct loan program for most counties in Nebraska for a one person household is $34,150, up to $56,600 for a six person household. However, higher income limits may be applicable in some counties.

These loans are made directly through USDA Rural Development offices and the current interest rate is 3.25 percent and may be reduced to one percent for qualifying households. For a $100,000 loan at 3.25 percent, monthly principal and interest payments would be $413 plus taxes and insurance, and if the household qualifies for additional subsidy at one percent, principal and interest payments could be further reduced to $297 per month for a $100,000 home.

All communities in Nebraska are eligible for housing programs with the exceptions of Fremont, Grand Island, Hastings, Kearney, Lincoln, North Platte, Omaha and South Sioux City/Dakota City.

Seehttp://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do for eligible areas to determine if you are within the established income limit based on the size of household and county and if the property is located within an eligible area.

More information is available on these programs at the Agency website at www.rd.usda.gov/ne. Locate the Housing Specialist nearest you at http://www.rd.usda.gov/contact-us/state-offices/ne.

Deshler to add new track

The Deshler Public School Board of Education entered into a contract to install an asphalt track, which is scheduled to be completed by August.

Deshler has never really had a track, Superintendent Al Meier said.

The school had an accurate oval-shaped track that measured out to 400 meters, but last year's flooding damaged the track and it isn't level. The track also had sloping issues.

Meier said the track's two-inch curb will be removed.

Track coach Shannon LaFave has found alternative ways to train, Meier said.

Deshler will hold its first meet next season.

The track will cost just over $900,000.

Thayer County Quilt Guild

The Thayer County Quilt Guild has made and donated a queen-sized quilt to Fort Robinson State Park, which will be used on one of the thirty beds in the two officers' quarters--big brick buildings that are popular with families and other large groups holding meetings there.

Quilts would have been used on these beds when the fort was an active U.S. cavalry post in the late 1800s and early 1900s. The red and white or blue and white blocks were made by the members of our local guild and then sewn together by president, Gloria Bernadt. The quilt was quilted at Sew Country in Belleville, Kan.

HEBRON CITY COUNCIL PROCEEDINGS MARCH 14, 2016

Hebron City Council met in regular session, Monday, March 14, 2016, at 12:00 P.M. at the City Hall. Mayor Shane Day presided and the proceedings were recorded by City Clerk Marcy Welch. Upon roll call, the following Councilmembers were present: Kurk Wiedel, Jay Bauer, Robert Dodes, Douglas Huber, and Tim Pickering. Absent: Larry Fangmeier. Also present: City Administrator Chris Fangmeier.

Notice of this meeting was given in advance by Posting. Notice of this meeting was simultaneously sent to the Mayor and Council and a copy of their acknowledgement of receipt of notice is attached to these minutes. Availability of the agenda was communicated in the advance notice and in the notice to the Mayor and Council of this meeting. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public.

ANNOUNCEMENT – OPEN MEETINGS LAW

Mayor Shane Day informed the public of the location of the posted information concerning the open meetings law.

APPROVAL OF VARIANCE-THAYER CENTRAL COMMUNITY SCHOOLS

Councilmember Bauer asked where the Variance will be at. The contractor for the project was present and reported that they will have a zero variance. They will be taking out the parking lot and median south of the Intermediate School Building and that is where the new structure will be built and then they will put a turn area off the street so that busses can still drop off and pick up students safely.

When asked when the project will be completed, the contractor stated that if all goes as planned it should be done in July 2016, in hopes to be using this building when school starts in the fall.

Motion was made by Councilmember Wiedel and seconded by Bauer to Approve the Variance.

AYES: Wiedel, Bauer, Huber, Pickering, Dodes.

NAYS: None Absent: Larry Fangmeier. Motion carried

GENERAL DISCUSSION

Councilmember Bauer reported that he is tired of getting bombarded with complaints on why we have a full time employee at the Community Center. No one understands where she puts her 40 hours in and if she is full time at the City can she still run a daycare at her house. Suggestion was made to have her do a running report each month of happenings and expenses. Administrator, Chris Fangmeier, will talk to Blythe about doing this, as believe she has been doing it already. Councilmember Huber and Wiedel reported that they understands Bauer's frustration, however, we will be watching this and will reevaluate after a year and will see where it is at that point. No one can expect the person employed in this position to have traditional hours and as long as the place gets cleaned and upkeep is good, Blythe is doing what she was hired to do. We can't rehire for this position every 6-12 months as that doesn't look good for city either.

Councilmember Wiedel reported that the dance instructor is looking for site to do dance at; Kurk reported that it would be a shame if we lost that in our town as that brings in a lot of people who spend money in our community. Primary School was suggested, however that was sold to SCC and they are thinking of doing satellite classes out of that building. Councilmember Wiedel asked if the top of the Activity Center downtown was an option, Administrator Chris Fangmeier reported he didn't think the floors are in good shape, and if someone who was handicap, which could happen, we would have to have handicap assess to the upstairs which may be a problem.

City Administrator, Chris Fangmeier, presented a couple different types of drawings for the website logo. He reported that we need to pick a concept and the website people will together a couple ideas. A contest with the public or the students at school to see if they could come up with something was suggested, also to see if the art teacher at the school could put something together for us to look at. We are looking at using the whole concept for the City, city trucks, building, etc. Comment was made that we may not always be the city with the "Largest Porch Swing," however, if we are the Oregon Trail Capital of Nebraska then we should elaborate on it, maybe take the "H" design we have now and incorporate the covered wagon into it.

ADJOURNMENT

Motion was made to adjourn by Councilmember Bauer and seconded by Pickering. Meeting was adjourned.

Shane Day
Mayor

I, the undersigned, City Clerk, for the City of Hebron, Nebraska, hereby certify that the foregoing is a true and correct copy of proceedings had and done by the Mayor and Council; that all of the subjects included in the foregoing proceedings were contained in the agenda for the meeting; kept continually current and available for public inspection at the office of the City Clerk; that such subjects were contained in said agenda for at least twenty-four hours prior to said meeting; that at least one copy of all reproducible material discussed at the meeting was available at the meeting for examination and copying by members of the public; that the minutes were in written form and available for public inspection within ten working days and prior to the next convened meeting of said body; that all news media requesting notification of the time and place of said meeting were provided advance notification of the time and place of said meeting and the subjects to be discussed at said meeting.
