Commish discuss economic strategy

Thayer County Commissioners Dave Bruning, Chris Frye and Dean Krueger held a special meeting June 20 to discuss the possibility of forming a county foundation with an eye toward economic development.

Invited guests included bankers and city, town and village leaders throughout Thayer County.

Nebraska Association of County Officials executive director Larry Dix and County Attorney Dan Werner were also on hand to review the parameters of such an entity.

The intent of a county foundation is to provide gap funding or down payment assistance to help businesses, yet protect the county's interest in the use of public funds. The commissioners were seeking the input of local bankers for financial advice should a foundation be formed.

Also, the commissioners are considering using a portion of the \$2.4 million inheritance tax fund to provide funding for the foundation, but first want to determine if such a foundation should be created in the first place.

In the meantime, the commissioners are seeking input from any interested individuals in regard to policies and procedures of this type of foundation, how funds are distributed through such a fund, creating guidelines for what businesses would be eligible to use the funding and the creation and attraction of new businesses to the area without being a detriment to existing businesses.

Perfect weather allows riders to stay the course...

Cooper poses for the camera as his rider, Pony Express Association member Todd Heinrichs, waits for the approaching mchilla in the 151st annual re-ride Friday morning. The switch took place at the Pony Express marker on Monument Road near Hebron. Approaching is Thayer County "trail boss" Richard Heinrichs riding in his 30th re-ride. Todd, son of Richard, is also riding in his 30th re-ride. Heinrichs said there were 22 riders to carry the 75-pound mchilla loaded with over 700 vignettes (parcels of mail) across the 32-mile stretch of Thayer County this year. The Pony Express trail runs 1,966 miles from St. Joseph, Mo., to Sacramento, Calif. The mail progresses across the country at 10-12 m.p.h. in the heat, up to 20 m.p.h. when it's cooler. At the local Pony Express monument just off of U.S. 81 on Road Q, Thayer County Visitor's Committee members served rolls and water supplied by Casey's, Bruning Grocery, Central Market and Shell Food Mart.

Belvidere woman busted for meth

Probation revocation scheduled Friday

By Jacque Rocole
Hebron Journal-Register

Local law enforcement arrested a Belvidere woman for possession of methamphetamine May 25, after the Nebraska Department of Probation conducted a search of her residence in Belvidere.

Diana L. Sydow, 52, who is currently on probation for a drug related conviction, was charged Monday with possession of a controlled substance, specifically methamphetamine; a class 4 felony. According to the arrest affidavit on file at the Thayer County Courthouse, probation officers conducting the search allegedly discovered approximately one-eighth of an ounce of the drug in her room at her mother's home in Belvidere.

Sydow earlier in February this year appeared in district court on a probation revocation where she was sentenced to an additional 24 months of intensive supervised probation.

Initially, the Belvidere woman was sentenced to 24 months of probation for attempted distribution of a controlled substance March 3, 2011. According to court records, she was arrested Oct. 6, 2008, at her home in Belvidere after allegedly selling drugs to an undercover detective. She was initially charged with distribution of a controlled substance and intent to deliver an exceptionally hazardous drug, methamphetamine.

In January 2011, Sydow pleaded guilty to the amended charge of attempted distribution and received the 24-month probation sentence.

A year later, and after failing to follow the guidelines of her probation, Sydow was given the additional 24 months of probation in February 2012. Her sentence was to run until March 1, 2014.

The May 25 arrest violates her current probation agreement and she is scheduled in district court for a revocation this Friday at 10:15 a.m.

Monday, June 25, Sydow appeared in Thayer County court on the drug charge and her case was continued to Sept. 24.

She also received a bond reduction from \$100,000/10 percent to a \$25,000 personal recognizance bond and is currently not in jail.

The Hebron municipal pool is a popular place as afternoon temperatures soared into triple digits this week. The heat is expected to continue through at least Independence Day with a very slight chance for rain this weekend.

Weather alerts to broadcast using texts

Wireless users will now be tapped into the weather better than ever, especially when conditions turn severe. The Wireless Emergency Alert (WEA) service will automatically transmit warnings and alerts to anyone with a cell phone with texting capabilities. The program was created through the wireless industry, the FCC (Federal Communications Commission) and FEMA (Federal Emergency Management Agency).

According to a news release from the National Oceanic and Atmospheric Administration (NOAA) earlier this month, the alerts come in the way of texts, are free and don't require a special application.

Users will only receive the emergency alerts if they are in the threat area, states the release, and if you travel into an alert area after the alert was originally sent, you should still receive it. Each alert is only displayed once.

According to NOAA, the alerts have a distinct tone and vibration and will not interrupt callers using their phones.

Imminent threat alerts (includes severe man-made or natural disasters), AMBER alerts and presidential alerts will be broadcast through the new service; individuals will have the ability to opt out of the AMBER or imminent threat alerts, but not the presidential alerts.

The purpose of WEA is to notify wireless users of severe weather threats in their area. When the National Weather Service issues certain weather warnings, cell towers will broadcast the alert to cell users in the threat area. The service is not subscription based, and it does not track a user's location.

Wireless providers participating in the WEA include AT&T, Cellcomm, Cricket, Sprint Nextel, T-Mobile, U.S. Cellular and Verizon.

For more information on the WEA Service, visit ctia.org/consumer/info/safety/index.cfm/AID/12082. The following website dispels some myths about the service: www.emergencymgmt.com/emergency-blogs/alerts/Myths-about-CMAS-Dispelled-031012.html.

There are 44 miles of railroad in Thayer County assessed at \$195,756.85. When the new prospective road is built it will add 26 miles more.

George Washington Bearn and other citizens of Davenport were in Hebron on business yesterday. Bearn thinks that Hebron would make a good town if it was not situated so near Davenport.

At the school meeting the question of erecting a building for the use of the primary department was argued at considerable length and we are sorry to record the fact that some of the participants became angry, and made use of invectives that should not have been done even in the absence of ladies, but in this case there were a number of ladies present, some of whom left before the question was submitted to the voter. The final result of the meeting was the voting for the issue of bonds to the amount of \$1,000 for the aforesaid purpose said building to be erected on the north end of the school grounds.

R.H.B. of Friedensau informs us that there will be no platform erected for dancing at that place on the Fourth of July.

McCaw and Morgan of Belvidere have purchased the new building and stock of drugs of C.F. Moore of that place.

Carleton Mrs. S.P. Benadom, who recently purchased the livery and sale stables of John LePoideven has taken possession.

John Fadden has resigned the office of postmaster. The boys fired him out.

Croquet parties are all the rage.

Another year has rolled around and another daughter to be found at Jansen's.

Davenport J.F. Duncan's new house is completed. It is a good one and he is expecting some relative from the city of Lafayette, Ind., to make it a summer resort.

Commissioner Burruss is here looking after our bridges. Let some be built. They are much needed.

The Davenport school building will be let on the 17th prox., to the best bidder and he is expected to furnish everything.

Belvidere Dr Piggott has 800 acres of small grain and 600 acres of corn on his several ranches north of town, all of which promise an abundant yield. Gregg's elevator in Belvidere

is to receive an immediate overhauling and be put in first class condition for the fall trade.

A report is in circulation and appears to be well authenticated to the effect that a relative of Mr. Meyer of Town 4, is now in New York on his way from the old country to Thayer County with \$100,000 to invest in land here. Thus we see capitalists from all parts of the world are being attracted to the beautiful prairies of the west, to find a sure and certain place of investment for their surplus wealth, where large returns are sure to be realized annually, from the rapid increase of our real estate alone.

TCHS July 4 Freedom Run Celebrates National Employee Wellness Month

June is National Employee Wellness Month. This month-long initiative helps business leaders learn from best practices from other companies on successful strategies around prevention to engage their employees in healthy behavior changes to help reduce health-care costs.

Over the last five years, there has been an increase in the number of businesses that offer benefits that reward employees for improving their health. This is a sign that employers are looking for ways to improve the health of their employees while also cutting their healthcare spending.

For example, the percentage of employers offering health and lifestyle programs jumped from 33 percent in 2008 to 45 percent in 2012, and rewards or bonuses for completing a health and wellness program have increased from 23 percent in 2008 to 35 percent in 2012.

Employers recognize that providing employees with the opportunity to improve their health can increase morale, confidence and productivity. This is coupled with organizations wanting to find new ways to manage costs, as the economy slowly improves.

Benefits that encourage healthier behavior are a cost effective way to keep up employee morale. Healthier employees also help decrease the overall healthcare costs to employers and employees.

Wellness plans typically offer health-risk assessments, health fairs and screenings as well as online, over-the-phone or on-location coaching to help employees establish a baseline health status and determine where and how to invest their time. Some companies are even using social media tools in their wellness programs to help motivate and cultivate desired behaviors into simple, small steps geared to each individual.

Thayer County Health News

By Joyce Beck, CEO Thayer County Health Services

Employees engaged in integrated programs often receive encouragement for participation through lower health premiums. Some businesses even offer rewards for participation. These rewards may include items such as gym memberships, discount cards, or free health equipment like pedometers.

Looking back to the 1980s, only 1 in 10 employers understood how prevention could turn back the dial on an individual's health risks for many diseases. A better understanding of how prevention programs can impact an individual's overall health is probably why even during a slower economy, spending on wellness programs by American businesses is up.

Thayer County Health Services is committed to help our patients remain healthy while preventing disease and/or injury. Our wellness programs have tools available to assist businesses and individuals. One way is through educational programs and community events.

The first step in starting any successful wellness plan is to just start moving. On the Fourth of July, the wellness committee at Thayer County Health Services will be hosting a 5K/1M Freedom Run. They would like to invite everyone to come out and join them in this fun event to promote individual and family fitness.

T.C.Visitors Committee Notes

The Thayer County Visitors Committee met on Thursday, June 21, in the second floor courtroom of the Thayer County Courthouse. There were eight members and six guests present.

Linda Hudson announced that the bids for construction of the Train Watch Station in Belvidere are due by July 1. They are also researching options for a sign on Highway 81 to advertise the Train Watch Station. She said that the museum sign on the highway has been knocked down and damaged by high winds and will have to be repaired or replaced.

Shari Apking submitted a letter to be sent to each town in Thayer County. We are requesting that one or two representatives for each town will be appointed to participate in the TCVC. Our committee needs to be informed of their needs for financial assistance to help bring visitors into their communities, which can help improve their economy.

Arlis Hohl gave a progress report on the proposed map for Thayer County, which will be distributed to travelers. She presented a list she compiled of various facilities that would be of interest to travelers and asked for any additions or corrections. She will begin working on a map to be printed with the list of facilities.

Karen Keilwitz announced that the benches we previously donated to the Thayer County Fairgrounds have been repainted.

There was a discussion regarding the proposed barn quilt squares to be installed in various locations at the fairgrounds. The squares will be available for sponsorship. Sponsors will be able to put the name of their business or organization on the individual squares. For more information, please contact Arlis Hohl, at 402-768-7407 or by email at tceda@diodecom.net.

Karen Keilwitz confirmed that the Pony Express is Friday, June 22, at 8:30 a.m. Refreshments will be served.

Otis Boyd, who lives in the apartment building next to Hebron's World's Largest Porch Swing, described how he and some other residents volunteer their time to watch for visitors to the swing. They then go over to the park and pass out porch swing buttons and brochures and talk with the visitors. We told him we are very grateful for

their efforts on our behalf. Don Wassom and Mike Tipton from Chester described the proposed electric sign to be erected in front of the Chester Auditorium. The sign would be used to announce upcoming events for the auditorium, as well as for advertising local businesses. It could possibly be used to advertise upcoming events in other towns in Thayer County. The committee will discuss this further at the next meeting and decide if we can help with this endeavor.

Phyllis Schoenholz, from the Thayer County Extension Department, gave a computer presentation on barn quilts. She explained that the interest in barn quilts has increased in recent years. Many examples of barn quilts were featured in the presentation. Phyllis can hold classes to teach participants how to make their own barn quilts, which can be displayed on their barns, home, garages, etc. She also has written instructions for this project. For more information, please contact Phyllis Schoenholz at 402-768-7212.

Excelsior FCE Has Lesson On Citizenship; Urge All To Vote

Excelsior Family and Community Education met at the home of Diane Heiman with eight members present on June 12. Huetta Derowitsch opened the meeting with a poem of citizenship. She led the song, "America."

Roll call was answered with the question, "Are you registered to vote and do you intend to vote?" Diane gave the lesson on citizenship. She gave ideas for encouraging others to vote and helping voters to obtain an absentee ballot if needed. As citizens, we can work to make our country a better place to live, attend public hearings, volunteer and be informed of discrimination against religious liberties.

Leora Rundus reported on

Walk Kansas and handed out forms for feedback for future Walk Kansas.

A motion was made to do a booth at the fair with "Citizenship" as the theme and voting as the primary emphasis. Leora Rundus told of the re-drawing of the lines of the district.

Evelyn thanked the club for the memorial in memory of her husband.

The President announced the next meeting will be at Huetta Derowitsch home August 21. The lesson will be "Just say Cheese." Election will be held and dues will be paid for next year.

Diane Heiman served a delicious lunch.

St. John Ladies Aid, LWML Meet June 5

St. John/Zion Ladies Aid/LWML met June 5 in the fellowship hall with seven members present. Christian Life Chairman, Linda Jensen, led a patriotic devotion with scripture readings by the members. All joined in the Pledge to the American flag and singing "God Bless Our Native Land." The Pledge to the Christian flag was recited followed by prayer. Linda read the proper procedure in folding the American flag with Helen Bice and Cindy Poppe demonstrating. Mite boxes were collected.

Gertrude Skucius called

the meeting to order. Minutes were read and courtesy reported.

The LWML District Convention will be held in North Platte Sept. 14 and 15. The deadline for registering is August 1.

The July meeting will be the Community Salad Supper on July 18 at 6:30 p.m. The hostesses are Jolene Dutton and Karol Wassom, with devotions by Linda Jensen.

Meeting closed with The Lord's Prayer. Helen Bice was the hostess serving finger foods. Pastor Prince joined the ladies for lunch.

Alexandria Community Club Finishes Plans For Celebration

Alexandria Community Club met Thursday, June 21, at the Community Building at 7 p.m. Jean Pletcher welcomed the group followed by the business meeting.

Minutes of the last meeting and the treasurer's report were read and approved. Bills for the 140th celebration are pending and will be paid. T-shirt sales, with 76 sold up to date, are going well. The celebration was discussed with positive feedback and ideas for improvement. New member, Gregg Walburn, discussed computers, the internet and better ways of communication. We have

several new residents in town who are members: Ray and Ruth Schultz and Ray and Cindy Groves.

Roadside cleanup was completed on a warm, windy morning with Senior Citizen Crew, Ken Wolfe, Pat Knigge, Wilma Busing, Jack Walls, Dale and Jean Pletcher cleaning four miles to Alexandria State Lakes and two miles from Alexandria to the Catholic Cemetery.

Meeting was adjourned and Marge Durrflinger served lunch. There will be no meetings until Sept. 20. Doris DeWald will serve lunch.

The Red Cross is calling on all eligible blood donors to roll up a sleeve and give as soon as possible. All blood types are needed, but especially O positive, O negative, B negative and A negative, in order to meet patient demand this summer.

The Bloodmobile will be at the Carleton Community Center, 640D Street in Carleton on July 11 from 12 to 6 p.m.

Sweet Land of Liberty

Every Fourth of July, we celebrate the birthday of the United States of America. Concurrently, we celebrate the principals of independence and freedom which help define our country. These principals give us the right to publicly express opinions, participate in politics and follow our own paths to unlimited happiness and success. This year, as we celebrate our great nation with the traditional festivities let's remember how fortunate we are to be Americans and appreciate the luxury of liberty our founding fathers worked so hard to establish.

Kleveland celebrates 50 years of selling fireworks...

Jim Kleveland (r) started selling fireworks in high school and 50 years later continues to oversee his annual booming business. While family members continue to run the stands in Chester (there are two), the 65-year old Kleveland mostly provides guidance and business sense. In 2010, the business owner passed the spark to his nieces Audra Junek and Coleen Cherney. Cherney is pictured above standing to the left of Kleveland. Also pictured are Kleveland's grandson Skylar Shaner (l) and great-nephew Dakota Cherney (dressed as Uncle Sam). Kleveland, a Chester native, started selling fireworks when he was a teenager to help pay his tuition at Peru State Teachers College where he earned his B.A., B.S., and B.F.A. degrees. Kleveland says his love for fireworks has never waned and although government fees and regulations for fireworks have grown since his first stand 50 years ago, demand has never fallen off. "Fireworks are as patriotic as the Statue of Liberty, the American flag and the eagle," he says. Kleveland's stands are situated along U.S. 81 on both sides of the Nebraska/Kansas border at Chester.

Alexandria Celebrates 140th Birthday

The Alexandria 140th birthday celebration was a great success! After "answer-to-prayers rain" two days prior to the event, the celebration took place on Saturday, June 16.

The parade began at 1 p.m., led by color guard from Knights of Columbus, followed by newly-organized American Legion Riders from the Hebron Legion Post No. 180. Various floats, fire department equipment, antique equipment, family groups and organizations made an interesting parade for viewers.

Alexandria Presbyterian Church and St. Mary's Catholic Church also celebrate 140 years of spiritual preaching the gospel in the Alexandria community.

Following the parade, there were games, water fights and a red neck tractor pull down town. Later Belva Kerwood showed her collection of slides from early days to more recent times in Alexandria. Dale Pletcher displayed a commemorative picture quilt made by Chris, Emily and Barb Aude.

Alexandria firemen served a Windsor chop meal and beer garden with local resident Randy Durlinger and Twisted Border Band providing music and dancing throughout the evening.

Many great donations by businesses and individuals in the area were given away with the purchase of raffle tickets. Jack Walls sold the most tickets for the raffle (80).

The community of Alexandria appreciates everyone who celebrated with them on their 140th year anniversary.

CARD OF THANKS

A big Thank You to everyone who helped in any way and/or attended the Alexandria 140th Celebration. Thank you to the Alexandria Fire Dept. and the Alexandria Community Club for their planning and hard work. We appreciate all the entries in the parade and donations for the raffle prizes.

On Father's Day, Jr. received several phone calls and one was from Alan Lentfer's wife Debbie who is in the Philippines.

The Bruning Chit Chat Club met at the cafe and ate lunch and played cards in the afternoon. The ones attending were Mary Ellen Harrison, Doris Wilken, Beth Garrison, Ardene Mammen, RaVae Bowman, Joan Langhorst, Eileen Stych and LoElla Schoenholz. LoElla was the hostess. The winners of the card games were Ardene Mammen and Doris Wilken with a tie for high and Doris won the draw. The low place went to RaVae Bowman.

Several people from Bruning attended the 125 celebration at Ohioa this past weekend. It was a nice celebration.

Marie Huber, Olive Van DeWalle, Jeri Rippe and Lola Johnson attended the Birthday Coffee in Ohioa on Thursday. There were several of the ladies that had worked at the celebration who were tired, but pleased how well the days went. Lot of memories were shared.

Now on to Bruning's 125 festivities which hope to be as well attended and enjoyed, July 27-29.

Belvidere

By LaDonna Avers

Rubie Demma had a lot of fun spending the week with her grandparents Russ and Bonnie Priefert. Bonnie took her and her cousin JessaLynn Hudson to bible school every day and then they played and attended softball games. Thursday night Rubie, JessaLynn, Russ and Bonnie and Linda helped LaDonna Avers celebrate her birthday at the restaurant in Belvidere. Rubie returned home to Lincoln Friday afternoon by which time she had turned into a true farm girl who asked her parents Saturday morning if they had gotten any rain during the night.

Ruth Yoachim attended the Gumble Family Reunion in Fairbury Sunday along with her sister Dorothy Dondlinger of Daykin. She also entertained Wanda and Kirk Yoachim over the weekend.

LaDonna Avers, Nic Dunsmoor and Karita Soper attended a special sand volleyball benefit tournament in Lincoln Saturday. Her grandson, Vagas Mathiesen, along with his friend Sandy Kirchner organized the tournament to raise funds for the Multiple Sclerosis Association. Sandy's mother is a victim of MS but was able to attend the tournament for a short time Saturday afternoon. They had 30 teams competing and raised (at last count) over \$1,700. They had not yet counted the silent auction proceeds. During the day LaDonna got to see and visit with Audrey and Larry Mathiesen, Katie Mathiesen and Calee and Jeremy Brown, Annastacia Dunsmoor, Jeff Dunsmoor, Vagas Mathiesen and Sandy Kirchner. The tournament was something different that they had never experienced before but it was a fun and fulfilling day.

Word was received Sunday that Dr. Walter Reiss of Lodi, Calif., has passed away. He was a former resident and graduate of Belvidere High School (1951) who went on to become a physician. For many years he was a member of the Mickey Kull band and from time to time got the group together for performances in the Bruning area. Further information will be posted later as it becomes available. He leaves a host of relatives and good friends, not only in California but in this area as well.

Russ and Bonnie Priefert went to Beatrice Sunday and took her mother, Lorna Waldmeier, out for lunch and a visit.

MEETING NOTICE

The Thayer County Historical Society will meet at 7:30 p.m., Wednesday, June 27, in the museum annex. There will be further discussion about having a booth at the fair, the fall festival and how to proceed with the stone barn at Davenport.

FSA Offers Low Interest Farm Storage Facility Loans

Nebraska Farm Service Agency (FSA) announced that producers considering expanding their on farm storage should look into the FSA Farm Storage Facility Loan (FSFL) Program. FSA administers the program on behalf of the USDA Commodity Credit Corporation (CCC).

"Now that the 2012 crop is planted and growing farmers may want to consider using USDA's Farm Service Agency facility loan program to build or improve their farm storage and handling facilities," noted FSA State Director Dan Steinkruger. "The facility loan program offers excellent terms and interest rates for those farmers wanting to make improvements to their farm operations."

The FSFL Program provides low-interest financing for producers of eligible commodities to build or upgrade farm storage and handling facilities. The maximum loan amount is \$500,000. Participants are required to provide a down payment of 15 percent, with CCC providing a loan for the remaining 85 percent of the net cost of the eligible storage facility and permanent drying and handling equipment.

Loan terms of seven, 10 or 12 years are available depending on the amount of the loan. Interest rates for each loan term may be different and are based on the rate which CCC borrows from the Treasury

Department. Seven year loans approved in June 2012 will have an interest rate of 1.25 percent.

The following commodities are eligible for farm storage facility loans:

- Corn, grain sorghum, rice, soybeans, oats, peanuts, wheat, barley or minor oilseeds harvested as whole grain
- Corn, grain sorghum, wheat, oats or barley harvested as other-than-whole grain
- Pulse crops – lentils, dry beans, small chickpeas and dry peas
- Hay
- Renewable biomass
- Fruits (including nuts) and vegetables – cold storage facilities
- Honey

Applications can be obtained from the local FSA office. A facility loan must be approved before any site preparation or construction can begin. There is a \$100 nonrefundable application fee per borrower.

Steinkruger added, "With the strong agriculture economy, building farm facilities compliments our ethanol industries, aids our international export policies and strengthens our overall economy. Farmers with questions on facility loans should contact their local FSA office."

Additional information on the program is available at www.fsa.usda.gov.
