Football Contest...

The *Hebron Journal-Register's* annual football contest yielded three very close contestants last week; all three are veteran players of the contest.

LaVonne Kassebaum, Hebron, came away the winner after missing only one game out of a possible 23.

Second place went to a second-week winner, Nelva Deeke, of Hubbell, who missed two games, but was able to pick the winner of the tie-breaker over Dale Klaumann for the runner-up position. Klaumann, who continues to do very well in the contest, also missed two games and will take third this week.

There's still plenty of season left and inside you'll find a new set of games as well as complete instructions on how to compete. Good luck and good guessing.

Remember, sheets are due at the office by Friday at noon, or must be mailed on Friday of each week.

Grant presentation...

Thayer Central Community Schools is receiving a \$10,000 grant through America's Farmers Grow Rural Education.

The district is holding a check presentation to celebrate with students, community members and the local farmers who nominated them for the grant.

TCCS faculty, local farmers and Monsanto representatives will participate in the check presentation this Friday during halftime of the Thayer Central versus Hastings St. Cecilia football game at the new TCCS football field.

USPS to share survey results in Alexandria

The U.S. Postal Service is considering shorter hours at rural offices across the nation in an effort to offset billions of dollars in losses expected this year. Seven in Thayer County are on the "hit list."

A total of 44.1 days are earmarked to be cut from 317 locations across the state; 24 hours are targeted to be cut from the seven Thayer County offices.

Postal customers in affected communities received surveys earlier this month outlining four options being considered by USPS including reduced post office hours of operation; curbside delivery; development of a village post office; or the creation of a post office box service at a nearby

business.

According to the USPS website, results of the survey will be shared at a series of community meetings.

In Thayer County Byron, Carleton, Chester and Davenport could possibly see a four hour cut moving from the current eight hours of operation a day to four hours of operation a day. Bruning and Dresher could go from eight to six hours of operation per day and Alexandria could go from six hours to two hours of operation a day.

Todd Case, who manages area post office operations from Lincoln said 87 of the 109 rural post offices in his 683 and 684 zip-code domain will be affected.

On Nov. 1, the USPS will hold an informational community meeting including survey results in Alexandria at 6 p.m., at the American Legion Post at 208 Harbine St.

Postage going up

The USPS also announced last week that it will cost a penny more to mail a letter next year. Beginning Jan. 27, 2013, a stamp for a first-class letter will cost 46 cents.

It also announced the premier of a new global "forever" stamp, allowing customers to mail first-class letters anywhere in the world for \$1.10. Current prices vary depending on destination.

The Postal Service, by law, cannot raise stamp prices more than the rate

of inflation, or 2.6 percent, unless Congress gives approval. Although USPS has asked to raise the rate by five cents, lawmakers have failed to move on the issue.

The mail agency will also increase shipping services, such as Priority Mail by an average of four percent.

The latest rate increase will not be enough to overturn the Postal Service's losses caused by the economic downturn, movement of mail to the Internet and a congressional requirement that USPS fund future retiree medical benefits years in advance.

The Postal Service has also asked Congress to allow it to reduce mail delivery from six to five days per week.

Because stamps are now being issued as forever stamps, they will remain good for first-class postage, but buying new forever stamps will cost more when the price goes up in January.

TCEDA receives \$150,000 housing project grant

Grant to assist with deterioration, rehabilitation

The Nebraska Department of Economic Development has awarded \$1,306,500 in Nebraska Affordable Housing Trust Funds (NAHTF) to a community and two organizations serving the housing needs of citizens living in southeast Nebraska.

In Thayer County, \$157,500 was awarded to Thayer County Economic Development Alliance, to directly assist five first-time homebuyers in purchasing existing single-family homes in the county.

Due to deterioration, minor rehabilitation assistance also will be available as part of this program. Eligible participants are those earning incomes at or below 100 percent of the Area Family Median Income.

An additional \$300,000 from partners, including the USDA RD, local lenders, realtors, title companies, and the Nebraska Investment Finance Authority and Federal Home Loan Bank of Topeka will complete the project. Contact Deb Craig at 402-768-7407, or tceda@diodecom.net.

The City of Seward received \$349,000 and Southeast Nebraska Community Action Council, Inc., received \$800,000.

Sheri's husband, Alan D. Folkerts, passed away in September from lung cancer.

Neighbors pull harvest together

Volunteer neighbors showed up at the Folkerts' farms last week to bring in the corn harvest. Two weeks ago the same crews harvested beans.

Alan D. Folkerts, a 55-year old Bruning farmer, passed away in September following a long and arduous battle with lung cancer. On Wednesday, Oct. 10, local friends and family came together to bring in the harvest.

"It's amazing," said Alan's widow Sheri Folkerts as she watched the production Wednesday morning.

"This means so much to me."

Organized through the Trinity Lutheran Church "Helping Hands," volunteers brought 13 combines to harvest the bean crop which took about four hours; seven combines to do the corn which took about six hours. There were approximately

ten semi trucks to haul the grain to local elevators and several tractors and carts transferring the crop from combine to truck.

Sheri was on hand during both events helping volunteers and members of the church to pass out food and drinks to the workers.

Historic steam locomotive stops at Belvidere...

A large crowd gathered on a brisk Friday afternoon at Belvidere's new train viewing station to participate in a second visit from the Union Pacific's historical steam engine No. 844. The engine, built in 1944, is the last steam locomotive made for the U.P. It was considered a high-speed passenger engine until it was placed in freight service due to the introduction of diesel engines. The 844 provided freight service in Nebraska from 1957 to 1959, and was saved from being scrapped in 1960, and held for special service. Today the engine runs thousands of miles as Union Pacific's ambassador of goodwill and this year is pulling a special train called the 150 Express in celebration of the U.P.'s 150th anniversary. During Friday's visit, the train stopped at Belvidere for about 30 minutes while the conductor and engineer, dressed in period clothing, visited with onlookers. No. 844 is traveling 13,000 miles through 15 states as part of Union Pacific's anniversary celebration. 130 Years Ago

J.M. Fitchpatrick and family moved into the post office building yesterday.

James Bobst has returned from St. Joe where he held a position as head porter in the Worlds Hotel.

Stanley is wearing one shoe and one boot. The other boot is on top of his shop for a sign.

Messrs. McCormack and Baker have opened up a new meat market in the Phebus building east of the Journal office.

D.M. Moyer has sold his business to John Freeman, and will be found in the tin shop of the latter. Mr. F. having engaged his services for that department.

Gen. A.H. Bowen of Hastings, will speak at the courthouse in Hebron favoring the adoption of the amendment to the constitution.

The Thayer County campaign workers report favorably from all points visited. A large gathering is expected at Alexandria to hear Mrs. Saxon. J.W. Frame has charge of the arrangements.

A fight occurred between two rivals near town the other day. Shame on you boys. Such proceedings do not elevate you in society, and certainly does not in the eyes of the young lady in question.

The Hebron Sunday School is having pleasant and interesting singing in the chapel every Sunday night, which is supplying a long felt want, as there has been no meeting of any kind held on Sunday evening, consequently the entertainments are well attended.

Hon. E.M. Correll made a flying visit to Hebron the other day, but only tarried a few hours. A portion of his time is taken up with his paper at Lincoln and the balance in speaking on the pending amendment and political issues. Hence his absence from home so much of the time.

The members of the Thayer County bar have almost without exception expressed themselves in favor of Col. L.W. Colby of Beatrice, as a proper man to succeed Judge Weaver as judge of this judicial district in case of the latter's election to congress in the first district.

Married in Hebron, J.F. Bowman and Miss Sadie Phelps both of Thayer County.

So far this week, suffrage meetings have been held at Hubbell, Jackson's schoolhouse and Bigelow's schoolhouse, and have all been well attended by the citizens in these localities.

Born to Mr. and Mrs. W.R. Livesay, a daughter. The little pearl only lived a few hours after its birth.

Mrs. C.B. Colby of Beatrice, vice president of Nebraska Woman Suffrage Association, organized a campaign suffrage club at Hubbell with a membership of 27. Campaign committee, John Yale chairman and Mrs. Mattie Johnson, secretary.

The Thayer County Teachers Association met in Hebron. Teachers present were M.R. Dow, Walter Rowland, J.W. Frame, Mary Willard, F.S. Mickey, Emma Roripaugh, Josie N. Keith, Almara Thompson, Nora Mark, Nellie Fletcher, Florence Critchett, M.C. Williams, Mrs. Jan Studley, R.J. Davis, W.H. Beeler, Annie M. Knox, D.S. Dusenbery, Lizzie Green, Emma Currier, Sophia McGougan, Jennie Deselms, W.N. Fletcher, C.W. Guile, Lizzie Towne, Charles Lobingier, Mrs. H.J. Filkins. Visitors were Mrs. F. Wheeler, Mrs. Dane, Miss Addie Tighe,

W.H. Dow, Anne Knox, Mrs. M.M. House, R.W. Williams and One Dog.

It will be only three weeks until the voters of Nebraska shall be in practice and not a mere sounding phrase, and it is the duty of every voter, on so important a matter as a change in our fundamental law, to well inform himself and not do an injustice to any class or part of our citizens or even any one of that class or part. Numerous meetings are being held all over the state in the interest of the pending amendment and woman suffrage and equal rights are the issues that for the time being are the most prominent. Party and personal politics are being put aside and the best thought of the state centers on the result of the amendment. In Thayer County seven meetings have been held at all the towns and most of the schoolhouses in the county and when the result is known, Nov. 7. Thayer County will undoubtedly show that it is not behind in the progress of the times.

The following named horses have been registered for the races that will take place during the stock fair which is now being held here: Amanda E., owned by P.S. Erb and Maud L., owned by Mr. Handy, both of Washington Kan.; Black Frank and Yankee Boy, H.W. Gilan of Hastings; Nellie, running pony, W.A. Akers of Lincoln; Rock Mountain Tim, trotter and Bender, pacer, Gus Morton of Friendville; Bro. Jim, W. R. Lonton of Sutton; Konuck Belle and Ora, Tom Moxley of Fairfield; Topsy, J.S. Long, Nelson; Brown Jake, S.B. Carpenter, Alexandria; Billy Sherman, H.H. Johnson; Little Dan.

Davenport
Ed Vandevere is getting well fixed in the cattle and hog business and he means it.

Sallie Sexton has returned from Denver. She is glad to be in God's country once more and the boys think her as good looking as ever.

Potatoes fairly a deluge. A starch factory would be a paying institution.

Carleton
Charles Yearnshaw's health is improving quite rapidly. Buttermilk is the cause of it.

Shedd & Co., have the Champion barb wire for sale. Call at their office and be convinced that it is far ahead of any other.

Thomas Hitt was surprised on coming home to find a dozen or more persons seated around in the darkness silently waiting for him to come. After receiving a good pounding, he remembered that he was 23 years old that day.

Farmers have commenced husking their splendid crop of corn.

A large acreage of winter wheat has been sown in this county.

Griffin, the artist, was present upon the school grounds with his camera.

People are seldom heroes in their fellowmen's eyes until they are dead.

Winter wheat is becoming a favorite crop and the press drill a favorite implement with Thayer County farmers.

The ladies of the Presbyterian church will give Thanksgiving dinner at the opera house.

McNally Brothers of Deshler raised 480 bushels of potatoes on three acres of ground, which they are selling at one dollar a bushel.

Ed. Cedarholm met with a painful accident at the slaughter house, a heavy iron rod falling upon the instep of his foot. He is unable to step.

The small grain crop of this county was so heavy this season, that although many threshing machines are at work, threshing will continue until January.

The Riverside school, each scholar carrying a flag, presented a patriotic picture in the procession to the high school flag raising and Columbia day exercises.

The south Omaha Brewing Company has bought the W.L. Thompson saloon property in this city.

Julius Thomas has moved his family into the Bussell property on the hill east of town, which he recently purchased and intends making one of the finest homes in Hebron.

Married at the Presbyterian parsonage, R. Ira Williamson and Miss Lina Loos, both of Thayer County.

As the steam engine to Abbott's threshing machine was crossing Spring Creek, the bridge gave way letting the engine through. Sam Moyer the engineer, unfortunately had his right leg broken. Dr. Sutherland repaired the leg. The bridge is not repaired.

The state fish commissioners passed through Chester and delivered to E.R. Garvin, chairman county board, four cans of young fish. Mr. Garvin deposited the same in the Little Blue River at Hebron.

Aman by the name of Rogers, with a family of five children traveling westward in a mover's wagon, met with the serious loss of one of his horses, about four miles east of town, near Jackson farm. The family was in a very destitute condition. Through the efforts of J.F. Gates, who is always the needy man's friend, a subscription of about \$30 was contributed by the liberal citizens of Hebron, toward buying the unfortunate man another horse, and starting him on his way.

Chester
Dr. Ames was in Lincoln and has made arrangements to move there as soon as he can close out his business here.

R.M. Warren, formerly a resident of this vicinity who has been living in Quebec for several years, has come back to Kansas with his family and will resume possession of his farm near Chester.

Mr. Sherwood of Filly, who purchased C.F. Cardiff's farm some time ago, was here this week making improvements and will probably move here next spring.

Davenport
Mr. Snyder, from Nemaha County purchased Ben Bobst's farm north of Oak, consideration \$5,900.

The month of September just passed has been the driest for seven years.

The amount of \$5,000 for good quarter section of land in Thayer County is the prevailing price.

Maple Zephyrs
J.T. Fauver recently sold his well improved farm just north of Belvidere for a nice sum of \$57 per acre.

W.C. Samuel's fine \$1,000 house when completed will be an ornament to this part of the county and a credit to the enterprise of Mr. Samuel, and yet some of the independents howl about the "down-trodden farmers" and the "mortgages." We would invite all such to make a visit to District 19 and see the prosperous farmers and the cleared farms and then quit their howling.

Miss Ollie Leavitt, who is doing missionary work in India, writes about conditions there.

Roscoe Aksamit writes in this issue from Ft. Sill, Okla., and says he wants action.

Ideal weather the past ten days have permitted the "full speed ahead" signal for construction work at the Army Air Field, northwest of Alexandria, despite the shortage of common labor. Common laborers are paid 60 cents per hour for an eight hour day and time and a half for overtime.

A large number of big dirt moving machines are in operation at various section of the field, grading and leveling off the runways, with the graded portions being from 300 to 500 feet wide the three runways being approximately 9,000 feet in length. Just recently the runway extending from the southwest to the northeast has been increased in length, taking in 80 acres more of the farm known as the Lizzie Heston place, now owned by the Geneva Cemetery Association. Pouring of cement is also being rushed as fast as possible with the huge cement mixers in operation and a fleet of trucks are required.

On the extreme west edge of the field, a large force of carpenters are erecting the buildings for this field which will include about 80 buildings, including 40 barracks for the field personnel. The Post Exchange Officer is interviewing applicants for store manager, barber, tailor, etc., at the Bruning State Bank which indicated that a considerable number of civilian personnel will be employed for the operation of the various business activities of the field.

Farm owners who were forced to sell their land in the air field area, have been advised of the appraisal of their land, the appraisals running from \$0 to \$50 an acre. It is understood that with the exception of one or two land owners, all are extremely disappointed and dissatisfied with these appraisals and they have not as yet accepted the settlement offered.

The corn crop was appraised at much below its actual value, which also has not been accepted. A letter signed by the landowners, is being sent to Senator Norris, protesting these settlements and asking that he intervene in their behalf in securing readjustments. Most of the building material is coming in over the Burlington, with the greater part of the Bruning Air Field material arriving in Ohio, where it is trucked to the field site.

Guards are now stationed at all roads leading into the field

Reducing the Risk Factors for Patient Falls

Thayer County Health Services works closely with all staff members to provide the highest quality, safest care for patients with a specific focus on reducing the risk of inpatient falls, a costly and serious adverse event in hospitals. Falls have a negative impact on patients' health and quality of life and represent a significant cost to society. As such, decreasing the incidence of patient falls is a priority of the federal government, regulatory agencies, hospital quality improvement and risk management programs, and patient safety research.

Thayer County Health News

By Joyce Beck, CEO
Thayer County Health Services

about risk factors and how to prevent them contributes to many falls. Some people believe that falls are a normal part of aging, and as such are not preventable. Lack of knowledge leads to lack of preventive action, resulting in falls.

The following are tips patients can do to help reduce their own inpatient risk factors:

- Always follow your physician's orders and the nurses' instructions regarding whether you must stay in bed or require assistance to go to the bathroom.

- Use your call light to ask for assistance. Ask for help if you feel dizzy or weak getting out of bed or out of the bathroom.

- Remain lying or seated while waiting for assistance. Please be patient. Someone will respond as promptly as possible.

- If you must get up without waiting for help, sit for a moment before standing. Then rise carefully and walk slowly.

- Do not lean or support yourself on your bedside table or IV poles, as they may roll.

- Side rails and alarms are used as a reminder to stay in bed and are designed to ensure your safety. Do not tamper with alarms or reminder devices.

Thayer County Health Services remains committed to patient safety. We work to educate our staff and patients on ways to reduce the risk factors for inpatient falls and educating our patients on what they can do within their own homes to prevent falls.

County Receives Financial Return

Courtesy Photo

Larry Cerny of Geneva, left, presents Thayer County Clerk Marie Rauner with the dividend from the Nebraska Intergovernmental Risk Management Association.

Thayer County has received a monetary dividend of \$8,028 from the Nebraska Intergovernmental Risk Management Association (NIRMA), the county's property, liability and workers' compensation coverage provider. The dividend was part of a \$640,156 financial return distributed among 76 Nebraska counties and four regional area agencies on aging during a NIRMA conference Oct. 4-5 in Kearney.

With this dividend, Thayer County has now received a total of \$239,940 in financial returns since becoming a member of NIRMA in 1988. NIRMA issues financial dividends from funds no longer needed for the payment of claims and general operating expenses. This marks the 23rd time since 1991 and the 17th consecutive year that NIRMA

has been able to return funds, now totaling nearly \$13.9 million, to its members and their local property taxpayers.

"NIRMA is able to return funds because of a proactive partnership we have with our membership. When members take extra steps to prevent losses, it reduces the potential for claims and the amount that might otherwise have been spent. But when a claim does occur, NIRMA works hard to reach a timely and satisfactory resolution, which again saves local taxpayer dollars," said NIRMA Executive Director Craig Nelson.

NIRMA was created by 32 counties in 1988 as the state's first governmental risk management and self-insurance program. Today it serves 79 counties and six area agencies on aging.

LWML Deshler Zone Fall Rally Oct. 28

Women and girls of all ages are invited to the LWML Deshler Zone Fall Rally Sunday afternoon, Oct. 28. Registration begins at 1:45 p.m., at the Deshler Lutheran School in Deshler. Tabitha Burger of Davenport, and Stephanie Schroeder of Deshler, will share highlights of their mission trips.

Attendees may bring an offering to benefit Orphan Grain Train shipments. Completed "Mercy Kits" will be accepted as well. These kits, sent by OGT throughout the world consist of one bath towel and one washcloth (dark color recommended); one bath-size bar (4 to 5 oz.) of soap (any brand in its original wrapping); one adult-size toothbrush in its original packaging; one tube of toothpaste; one sturdy comb (remove packaging); and six bandages (1/2" to 3/4" secured

together).

All items should be in "like new" condition. You may wrap the smaller items in the washcloth. Wrap the washcloth and remaining items in the larger towel by spreading the towel out flat. On the two long sides of the towel fold them in about five inches on both sides. Place everything in the center between these folds and then roll the towel up. To secure the rolled towel use strong cord or a strong ribbon tied at both ends. These 'mercy kits' will be packed in boxes.

The Deshler Zone is comprised of area churches at Chester, Davenport, Deshler, Hebron, Hubbell, Ruskin and Superior. All ladies and young girls in the area are welcome and invited to bring a friend or two to share a special time together while "serving the Lord with gladness."

August TeamMates of the Month!

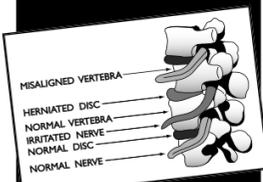

Emily Seifert and her Teammate Katelyn have been meeting regularly on Tuesdays for over 3 years. Although Katelyn has Ms. Seifert for a teacher, they still enjoy talking about things other than band. When they meet, they like to sometimes play board games such as Monopoly, Sorry!, and Battleship (and Katelyn is VERY often the winner!). If the weather is nice, they enjoy playing frisbee, badminton, or basketball outside. They also enjoy the group meetings that Teammates has every month. Both are looking forward to their Tuesday meetings throughout the rest of the year.

GFWC District IV 107th Annual Convention Meets In Bruning

On October 5 at the opera house in Bruning, the GFWC Nebraska District IV celebrated its 107th annual Convention. The theme was "Let's Celebrate." The Bruning Woman's Club hosted the Convention and were also celebrating its 90th year as a club in Federation.

Tables were decorated in purple tablecloths and cupcakes decorated in purple frosting and gold numbers were used as centerpieces. At each place setting were bags decorated by Marie Huber containing gifts from local businesses.

During registration, members enjoyed rolls donated by the Belvidere Woman's Club. The Clubs in District IV are Aurora, Beatrice, Belvidere, Bruning, Exeter, Fairmont, Geneva, Seward, Seward Jr. and Wilber.

The Convention was called to order by Nancy Galaway, District IV president and a member of the Fairmont Woman's Club. Thought for the day was by LaDonna Avers, Belvidere Woman's Club. She told us a few highlights from our last 90 years. Marie Huber welcomed all to the Convention and told us about the start of the Bruning Club.

Bruning Mayor Jeff Krenke also welcomed everyone and read the names of the 50 year members. Lois Havel, NFWC District IV parliamentarian read us a funny article noting the differences between men and women. Karen Chapman, NFWC District IV acting treasurer gave her report. She stated that 40 ladies were in attendance. Presentation of program/roll call of clubs: Bonnie Cudaback, NFWC District IV secretary. Lois Havel, NFWC District IV read the convention standing rules. Introduction of officers and guests: Della Miers, NFWC first vice president. Bonnie Cudaback, NFWC District IV secretary read the minutes of the District IV workshop that was held in July in Belvidere.

Elections of Nominating Committee: a motion was made and approved that the former committee be the new committee. One candidate for state level will be Jean Kolterman Donna Lefler, NFWC District IV education chair recognized the 50 year member. There were a total of

23 ladies who were honored and each received a certificate. Members of the Bruning Woman's Club who were recognized: Mary Bruning, Beth Garrison, Doris Philippi and Jeri Rippe.

Nancy Galaway, NFWC District IV president presented a certificate to the Bruning Woman's Club in recognition of its 90 year anniversary.

Patricia Gage, NFWC president and Jan Jones, NFWC president-elect spoke to us.

Johanna Kluck entertained us with singing three songs. She was accompanied on the piano by her mother Myra Kluck. Johanna has a beautiful voice and we all enjoyed her musical selections. Johanna's grandmother, Joan Langhorst, is a member of the Bruning Woman's Club.

Joan played the "Anniversary Waltz" for us during the coin march for Living Waters in York.

Johanna and three other students from the Bruning High School helped serve lunch. The Bruning Club ladies made the lunch starting with chicken salad on croissants and served with many delicious salads. Dessert was the decorated cupcakes that were on the tables.

The program on scams was presented by Connie Schmidt, outreach specialist from the office of the Nebraska Attorney General. She spoke on the Safe Program to prevent seniors from victimization by arming them with tools to guard against consumer fraud. Seniors, who are widowed, are especially targeted by scammers. Stories from the audience were very enlightening and we understand that any of us can be victims of these scams. Connie left lots of literature for us to take home and read so we can be more informed.

A final credential report was given by Karen Chapman.

Our final activity was our auction with many items and baked goods brought by the members. Some of the items were handmade by members such as quilted hot pads and painted Santas. Bruning Club President Lola Johnson invited her son Dean Dirks to be our auctioneer.

Locomotive Visits Belvidere Whistle Stop

The big black shiny locomotive was on time and was greeted by a large crowd. Third and fourth graders from Thayer Central arrived just as the locomotive did and got the experience of greeting the engineer and conductors. They saw the workmen grease the bearings of the big iron wheels that stood as tall as a tall person.

The Belvidere area Woman's Club served cookies, coffee and lemonade to everyone. Lois and Jim Pederson gave everyone sacks of popcorn.

The signs got placed on the Whistle Stop just in time the last morning. They give the name Belvidere and then the elevation. Above that sign

is the official emblem of the Union Pacific. They had to get permission to use it and it had to be made according to specifications.

They presented the whole crew with platters of cookies, candy bars, etc. They want to stay in good graces with the railroad so they will keep scheduling "whistle stops" at Belvidere.

It was a good day even though it was windy and cold. In addition the teachers of the school kids took their students up to the old brick three story museum-schoolhouse. They loved it. Of course the sunken basketball court is always a hit.

Belvidere

By LaDonna Avers

Last Sunday Norm, Ila and their son Mike Currey (who is visiting Nebraska from California) met relatives in York for a time of visiting and dining. Tom and Cheri Dawdy of Omaha, Tina Tyler and Barbara Lewis of Lincoln came to York so they could get in some visiting with Mike while he was in Nebraska. Thursday evening the Curreys met with friends for dinner at the restaurant in Belvidere. Mike was pleased to see the new train watching station in Belvidere and enjoyed having an opportunity to use it for awhile Saturday afternoon. Mike returned to his home in California this Sunday after spending a couple of weeks in Nebraska.

On Monday, Oct. 8, Logan and Paul McGinness joined family members for dinner in Chester to celebrate Logan's birthday. Also present were Audrey and Gale Rickers and Alexis and Derrick Nutsch.

Ruth Yoachim's weekend visitors were Kirk and Wanda Yoachim from Doniphan.

The busy days of the past week are over. After the Fall Festival over the last weekend, several of the workers cleaned the Community Center on Monday. Then they got ready for the Whistle Stop.

After the big day on Friday, along came Saturday when several Belvidere alumni served lunch for a memorial honoring alumnus Dr. Walter Reiss. Very few of us do the philanthropic work that he did in his 79 years including numerous gifts to the Belvidere Community. The community is proud that he never forgot his roots.

Kent and Jackie Williamson called on Mrs. Walter (Carol) Reiss and family of Califor-

nia late Friday afternoon at the home of Frank and Mary Bruning in Bruning to express their belated sympathy in the death of their husband and father, Walter Reiss. Walt was Mary's brother and they both grew up in the Belvidere community. Kent and Jackie were not able to attend the celebration of life on Saturday in Belvidere, but wanted Walt's family to know how much he meant to the Williams and Williamson families, as well as to the community of Belvidere.

On Saturday, Kent and Jackie Williamson drove to Stuart where they attended the wedding and reception of Brandon Modlin and Sarah Kunz at St. Boniface Church there. Michele and Doug Modlin of Hebron are Brandon's parents. Michele is Jackie and Kent's niece, the daughter of Jackie's brother and wife, Ron and Marcia Williams of Hebron.

On Sunday, Kent and Jackie Williamson drove from O'Neill to Omaha to meet their son, Jerry Williamson, who works for Werner Trucking Co., and was in Omaha for the weekend. They met Jerry, and his son, Ryan, and his children, Jace, age 3, and Addie, 11 months of Lincoln and they all had a late Sunday noon dinner together at a pizza restaurant. It was an early celebration for Jerry's birthday which will be later in the week, October 19. He will be somewhere else on that day, so they celebrated a little early. They dropped in at the home of their daughter, Joni and Ryan, Abigail, Collin, and Cian Schmidt on their way home. Joni had participated in the "Market to Market" run the day before and they wanted to hear how it went.
