Full Steam Ahead...

The Union Pacific "Living Legend" Engine #844 made a stop at the Whistle Stop Station in Belvidere on Oct. 14. Both young and old came out to see the only steam locomotive that has never been retired. The steam could be seen ahead of the train's arrival and ears were covered to the eerie sound of the whistle. This engine serves as the Union Pacific's ambassador of goodwill. For those who missed the first stop, the train will be in Belvidere again on Oct. 30, from 9:45 a.m. to 10:15 a.m., on its way back to Wyoming.

Inaugural Oregon Trail Run comes to Hebron

By Jeff Friesen
For the Hebron Journal-Register

Beginning in the 1840's, settlers began to travel across what was then known as the Great American Desert in wagon trains to find new homes on the west coast. This route, which became known as the Oregon Trail, is situated just two miles north of Hebron, and became the conduit for thousands of Americans who were seeking new opportunities in the west. This was also the route of the California trail and the Pony Express.

This Saturday, 97 runners from 13 different states will descend on Hebron to take to the trail for the inaugural Oregon Trail Run of Nebraska. The route will take the runners from Roehr's Equipment east down Monument Road to Hwy 53, where the runners will drop down to River Road and run back to Hebron. Runners on the half-marathon and the Pony Express Half-Marathon Relay will begin at the halfway point of the marathon and will run back to Hebron to finish in Roosevelt Park.

The committee organizing the runs for the city of Hebron wants to encourage the community to come out to support the runners. "We have runners coming from around the state and across the country for this run," committee member Jeff Friesen stated, "we want our guests to see the best of the hospitality that rural Nebraska has to offer." Runners

will enter into Hebron from River Road and travel on the walking trail from the CCC camp to fourth street, where the run will turn towards main street for a finish at Roosevelt Park in downtown Hebron.

The runners will begin arriving in Hebron around 10:30 a.m. and the course closes at 4:00 p.m. Come, cheer on the runners and be part of the fun.

A spaghetti dinner is the traditional meal runners eat the night before engaging in a distance run. On Friday evening, the entire community is invited to the Stastny Community Center to participate in a one mile fun run/walk and partake of a spaghetti dinner, as the City of Hebron kicks off events for this weekend's inaugural

Oregon Trail Run of Nebraska. In addition to the fun run and the meal, there will be vendor booths set up, to promote wellness and local businesses.

The spaghetti feed, put on by the Knights of Columbus, will go from 5:00 - 7:00 p.m. The fun run will kick off at 5:30 p.m. in the field north of the community center. Two loops around the half-mile trail will constitute the fun run. There is no entry fee for the run and no prizes will be awarded.

From 7:00 p.m. - 10:00 p.m., the band Repeat Offenders will play at the Stastny.

Saturday's Oregon Trail Run of Nebraska will also feature events open to the community. The Thayer

County Historical Museum in Belvidere will be open from 9 a.m. to 4 p.m.

The Majestic Theater will play the family friendly western "The Shickest Gun in the West," at 10 a.m. and 3 p.m., sponsored by the Arts Council of Thayer County. The movie is free and open to the public.

Downtown businesses will be rolling out the red carpet for our marathon guests.

There will be vendors and displays at Roosevelt Park, the finish line for the Oregon Trail Run of Nebraska.

Come downtown and cheer on the runners, who should be finishing the run between 1:00 and 4:00 p.m.

Duck hunters are numerous.

Catfish are being caught in large numbers and sizes.

No drunks were found on the police docket for this week.

Considerable sickness prevails among the railroad graders.

Several beavers have been trapped near the mill during the past week.

The erection of a jail still remains a question for future decision.

The notice of incorporation of the Thayer County Bank appears in this issue.

A colony of bees was stolen last Saturday night from Carl Picard, of Gilead precinct. About the same time corn and fodder were taken from another citizen of that precinct.

Some people are again violating the law by throwing dead hogs in the river. If complaint is made to the proper officers, it will be expensive for the transgressors.

The latest notarial commission conferred by Gov. Dawes, in this county, was to Miss Leota Hendershot. She is the only lady notary public in Thayer County.

It is said Willard's addition to Hebron (the Elliott farm) is being surveyed. Fourth Street is to be extended and a bridge put across the river.

Dr. T. D. Bristol has a new Seabury double boiler vulcanizer for hardening teeth plates.

The Methodist have commenced the erection of a new church to cost \$1700 at Chester.

Wetherald Bros. have purchased a new cable for their power between the mill and elevator.

On account of their being some hitch in the engineer's office, no work has been done in town this week upon the depot grounds.

Manford Savage has received a letter from his wife's uncle, W. D. Evans, of Spring Ranch, Clay County, stating that Wm. Beupre (for whose body the Blue was recently dragged) was working for him.

Albert Huntsman, of this place, received a pleasant reminder of California's luxuriant climate, in a box of grapes sent to him by his brother at Colfax, altitude 2400 ft above sea level. The varieties are Damascus; Rose of Peru; Muscats; and Tokay.

Thursday evening, Sept. 20, William Bruning and Miss Sophia McGougan, both of Belvidere, were married at the home of the bride in the presence of quite a large and fashionable gathering of relatives and special friends. The many easy and graceful charms of the bride have made her numerous friends. The groom is the son of William Bruning Sr., of Belvidere, and is quite popular, and with his charming bride has the best wishes of a large circle of friends.

Rev. and Mrs. Pierce started last Thursday evening for western Kansas to make final proof upon their land. They will return this evening, and on Saturday will proceed to Tobias, where his lot has been cast for the next year.

Belvidere: the report is that the grading between Strang and this place will be completed in about two weeks... Ah Foon's Chinese exhibition was a failure. The cause being too much "B.B." bought at the billiard hall... Wash. Crawford went to work the other day and is now worse that he has been at any time before. He has the malarial fever... Prof. Avery has the malarial fever.

J. W. Hughes and H. Hertz are pushing the work on the Central Hotel. After the ve-neering is completed, this will be a fine imposing structure.

Mr. Colby objects to the dust here and says he would not live in the country. He took a white horse out and when he returned the color was nearly black, hence his conclusion.

Saturday was a big day for those who are disposed to fill up. A great many were unable to navigate alone. Sheriff Green took one man to the jail in the evening and left him until Monday, when he was taken before Esquire Gates where he was sentenced to 20 days in jail and the cost, \$4.50, on the charge of disorderly conduct while

intoxicated. A warrant was then sworn out to be served upon him after his 20 days is up, for breaking up the stove and other furniture in the jail. It appears to us that the arrests are not all in the right direction, as the principal offender is the man who sells intoxicants in violation of law.

A new town to be called Bruning is being laid out midway between Strang and Belvidere.

A construction train that is in use on the Nebraska & Colorado division of the B&M Railroad, was thrown from the track at a point about nine miles southwest of Fairfield, and precipitated down an embankment 25 feet high. Six of the cars were badly damaged. Five corpses were extricated. In another place were a dozen wounded men. The cause of the accident was a collision with a bull that refused to leave the track despite the noise of the approaching train and the shriek of the whistle. When the engine struck him, he was thrown beneath the wheels instead of into the ditch, and the passing of the wheels over his body was enough to derail the train.

Davenport: The Butter and Cheese Factory at this place commenced operations Monday last. It has a capacity for handling 10,000 pounds of milk daily. The factory was built in the stock plan at a cost of \$7,000.

Belvidere: Charlie Saxton arrived from Iowa last Saturday. He will be the manager of the Saxton livery barn this winter... Frank Rosenblatt at one time one of the leading business men of this town, and who has been engaged in the mercantile business at Robinson, Kan., has disposed of his stock of goods, and it is rumored that he is coming back here to engage in business... Belvidere can now boast of having a ladies McKinley Club. Last Monday night they met at Crawford's office. They started out with a membership of 95. The following officers were elected: Mrs. James Leslie, president; Mrs. George Allen, vice-president; Miss Madge Graves, secretary; Mrs. V. Morrill, treasurer; Miss Belle Allen, organist.

Deshler: The creamery made 4000 pounds of butter last month. This is a good showing when it is remembered that it didn't start up till the 12th... Pine tar is the thing for huskers... Corn will go from 30 to 50 bushels to the acre, and the quality is excellent... In some parts of the country they are talking of burning corn for fuel on account of the dearthness of coal and the cheapness of corn.

Chester: Aladies McKinley club was organized Saturday night with Jane Wilson as president; Edith Steward, vice-president; Georgia Fors-dick, secretary, and Edith Williams, treasurer.

Liberty Gossip: Politics, politics and still more politics, is the all absorbing topic for conversation.

Davenport: The Davenport concert band is beginning to revive.

The box elder or populist bugs which "took" this county a number of year ago, and which for the past two years seemed to have been exterminated, have again made their appearance and seem as active as were their ancestors before them.

The first attraction of this season's lecture course at the opera house, Monday evening, was a frost. The cello quarter murder some classical numbers, and seeing that the audience did not warm up over their assassinations, the "artists" thought to "come down to the level" of the crowd's musical appreciation, and so played selections like "Annie Rooney," "Maggie Murphy's

Home," "Hot Time," etc., much to the indignation of the pit and the delight of the gallery which made the welkin ring with cathowls of derision. The only real applause was the spontaneous outburst when the troupe remained behind the curtain even longer than was hoped. The unfortunate entertainment was a black eye to the lecture course, which has in the past furnished some excellent talent. When people patronize an ordinary entertainment they assume their own risk, so far as getting their money's worth is concerned. But a lecture bureau behind an attraction is supposed to be a guarantee as to its quality and the public naturally feels indignant.

Hebron was full of eager families at the closing of the trade expansion enterprise Tuesday. C. Birkholz was the luck winner of the automobile, while Cordie Peterson won the Shetland pony.

Mr. and Mrs. Frank Connor, who were summoned to Arkansas City, Kan., by a message announcing that their son, Paul, was seriously injured, went on to Mulvane, where the injured man had been taken to a hospital. The grief-stricken parents arrived at their son's bedside in time to see him alive, although he never recognized them. He died as a result of a head injury and the assailant is unknown at this time. Paul was a worthy conductor in the employ of the Santa Fe Railroad. His wife, Mrs. Della Connor, also survives him, as well as several aunts and uncles of this place.

Later... The strong arm of justice has already reached the alleged murderers of Paul Connor of Cushing, formerly of Hebron. Officers learned of the two murderers through an old man who worked on the farm of the father of one of them. It seems Conner's train was blocking the railway crossing and the men picked a quarrel with Conner. The two men were arrested and taken to Stillwater, Okla., to face the charge of murder.

The basin lister, a development of the International Harvester Co., will go a long way toward conserving the moisture that the soil received.

Flu Season

Each year, there are outbreaks of the seasonal flu. This time of year is called "flu season." In the United States, flu viruses are most common during the fall and winter months. Influenza activity often begins to increase in October and November. Most of the time flu activity peaks between December and March and can last as late as May.

The flu is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and lungs. It can cause mild to severe illness and possibly death. The CDC monitors certain key flu indicators and when they see the indicators rise and remain elevated for a number of consecutive weeks, the flu season is said to have begun.

Getting an annual flu vaccine is the first and best way to protect yourself and your family from the flu. Flu vaccination can reduce flu illnesses, doctors' visits, and missed work and school due to flu, as well as prevent flu-related hospitalizations.

The more people who get vaccinated, the more people will be protected from flu, including older people, very young children, pregnant women and people with certain health conditions who are more vulnerable to serious flu complications. What's new this flu season?

Only injectable flu shots are recommended for this season. This is your standard flu shot, usually given into the muscle on the upper arm.

Flu vaccines have been updated to better match circulating viruses.

The recommendations for vaccination of people with egg allergies have changed.

People who get the flu often feel some or all of these symptoms: fever, chills, cough, sore throat, runny or stuffy nose, muscle or body aches, headache, fatigue, and some people may have vomiting and diarrhea.

Health News

People with the flu can spread it to others up to six feet away. Most experts think the flu virus is spread mainly by droplets made when you cough, sneeze or talk. These droplets can land or be inhaled into the mouths or noses of people who are nearby. Less often, a person might get the flu by touching a surface or object with the flu virus on it and then touching your own mouth or nose.

To avoid spreading the flu, people should stay home if sick. It is also important to wash your hands often with soap and water. If soap and water are not available, use an alcohol-based hand rub.

Linens, eating utensils, and dishes should not be shared without washing thoroughly first. Eating utensils can be washed either in a dishwasher or by hand with water and soap. Frequently touched surfaces should be cleaned and disinfected at home, work and school.

Most healthy adults can infect others beginning one day before symptoms develop and up to five to seven days after becoming sick. Children may pass the virus for up to seven days. Symptoms start one to four days after the virus enters the body. That means you may be able to pass on the flu to someone else before you even know you are sick. Sometimes people can be infected with the flu virus without any symptoms.

Your Guide To A Perfect Wedding
BRIDAL BOUTIQUE
Grooms: Look your wedding day best

Weddings are a chance for couples tying the knot to be the center of attention. All eyes will be glued to the bride and groom on this special day, which makes it even more important for couples to look their collective best.

Brides might garner most of the attention on a couple's wedding day, but dashing grooms also will get their share of attention. As a result, grooms must be just as diligent as their blushing brides with regard to grooming and appearance on their wedding days. To look picture-perfect, grooms may want to include these grooming tips in their wedding day preparation.

Hair
Schedule a haircut with a professional stylist roughly a week before the wedding to get your hair shaped and trimmed. Although trendy hairstyles may show off creativity, keep in mind that photos last forever, and it's often better to stick with a classic cut. A barber or stylist may suggest styles that best suit your face shape and hair texture. Above all, the haircut should be neat. Resist the urge to wash your hair every day before the wedding. Allow some natural oils to build up and make your hair shine in a healthy way.

Shaving
Shaving is another thing grooms must consider. If you have a beard, make sure it is clean, combed and trimmed. Men who shave the day of their weddings may find their skin is sensitive and irritated, which can lead to redness. Unless your facial hair grows especially fast, shave the evening before. This is a good time to splurge on a professional shave with a straight razor at a barber shop. A hot shave from a professional will produce a close shave with the least amount of irritation when done correctly.

Hands
Grooms also may want to book a manicure. Keep in mind that salons will do men's nonpolish manicures and pedicures, and they can be well worth the investment. Photos of entwined hands or close-ups of the ring exchange will have guests zeroing in on your fingers. Have hands look their best with clean, shaped fingernails and trimmed cuticles.

Skin
Get plenty of sleep the night prior to the wedding. Being well rested will help reduce puffy eyes, dark circles and sallowness. It will also put you in a more positive mood, which can help you enjoy the day even more.

The day of the wedding, shower using water and a mild soap. Avoid any skin irritation by patting your face and body dry, rather than rubbing it with the towel. Moisturize your skin to avoid dry patches. Stores sell many moisturizers geared toward men's needs, often in unscented or more masculine fragrances.

Reducing shine is key for wedding day photos. Rely on face and hair products that will not add unnecessary sheen to your skin or hair to avoid making you look greasy. Matte hair waxes and sprays will tame tresses. Also, ask your fiancé to pick you up a package of blotting tissues if you are prone to oily skin. These absorbent, typically rice-paper sheets will remove oil from your face and keep sheen to a minimum.

Smile
Make sure your teeth have been thoroughly brushed and that you have used a minty mouthwash so you're primed for that first kiss. Many grooms also opt for whitening treatments prior to the wedding so they have a dazzling smile.

On their wedding days, grooms will likely be photographed more than any other time in their lives. That means putting extra effort into personal grooming to look their best.

Dividend check...

Thayer County has received another membership dividend, this time in the amount of \$14,524, from the Nebraska Intergovernmental Risk Management Association (NIRMA), the county's property, liability and workers' compensation coverage and risk management services provider. The dividend was part of a \$1 million distribution shared by 79 Nebraska counties and six regional area agencies on aging during NIRMA's annual membership conference Oct. 6-7 in Kearney.

With this latest distribution, Thayer County has now received a total of \$298,803 in dividends since becoming a member of NIRMA in 1988. NIRMA issues dividends from funds no longer needed for the payment of claims and general operating expenses.

Pictured above is Thayer County Clerk Marie Rauner accepting the dividend check from Larry Cerny, Fillmore County supervisor and member of the NIRMA Board of Directors.

Obituaries

Marie Schroeder

Marie Dolan Reith Schroeder, age 97, formerly of Gretna, passed away on October 4, 2016, at Midlands Living Center in Council Bluffs, Iowa. "Marie" was born Mary Dolan on September 15, 1919, in the borough of Manhattan, New York City, New York, where she spent the first two years of life with the Sisters of Mercy at the New York Foundling Home. She rode the Orphan Train from New York to Grand Island, where she was received by the John, Katherine and Rose Reith family. In 1925, she was officially adopted and loved by Ms. Rose Reith of Hebron. She attended Sacred Heart Catholic Grade School before graduating from Hebron High School in Hebron in 1937. Marie married the late Victor Schroeder in 1940 and was married for over 59 years until his death in 1999. The couple initially settled in Hebron and was blessed with three children. A devout Catholic all her life, Marie was a beloved wife, mother, grandmother, cancer survivor and much, much more. She was extremely proud of her family and never missed an opportunity to introduce them. Belvidere

By Linda Hudson

Various pictures of Nebraska harvest have been appearing on FaceBook. Those who live in the Midwest know the excitement of the combines, trucks, grain carts, lunches in the field, late nights of working and dusty roads. All of these reminders are in the daily living of this week and a few more to follow.

The excitement last week was the coming of the Union Pacific's Locomotive #844 arriving and stopping at the Belvidere Whistle Stop. Like harvest, it has its own excitement and anticipation.

Third graders from Thayer Central got to experience the same feelings. After they had school in the old country school and toured the museum, they found themselves getting the same exciting feeling. When the white smoke billowed and with the eerie sound of the whistle, some could be seen covering their ears as the engineer pulled the rope and the engine blurted its mysterious sound! A unique experience for everyone and a sight that never gets old. The "Living Legend" is the only steam locomotive that has never been retired by an American Class 1 railroad. This engine has run hundreds of thousands of miles as Union Pacific's ambassador of good will.

Bonnie Priefert, Jeanette Else and Linda Hudson attended the baby shower for Jeremy and Jeannine Voss's

twin girl and boy on Oct. 15 at the Hebron Activity Center. A breakfast brunch was served by the hostesses.

LaDonna Aver's address is now Gateway Vista, 225 N. 56th, Lincoln, NE 68504. She had visitors on Sunday; Jeff and Chelsea Dunsmoor, Renee Dowdy and Pastor Kim Dunker.

Richard and Alice Percival celebrated their 50th wedding anniversary on Saturday at the Methodist Church in Chester. Jeff and Yvette Percival of Oklahoma and Nicole and Kent Brown of Missouri and the four grandchildren were present to help their parents celebrate.

Colleen Yoachim and her grandchildren brought Farmer Henry ear corn to the Museum on Sunday. They didn't want him to not have ear corn for grinding and shelling this winter. It was appreciated.

Radios will be running in trucks and combines this Saturday for the Huskers will be trying to prove they really do deserve their latest rating in the polls. After all, it is the first time in 15 years they have started with a 6-0 record.

The volleyball girls have even a bit more to worry about this Friday and Sunday. They are facing their hardest opponents of the season. Keep up with those blocks and no more serving in the net. And the victory will go to the side with the Twins!

Courtesy photo

Treating the crew...

The Belvidere Woman's Club continued their tradition of giving a box of goodies to the "Living Legend" train crew that travels with #844. Cookies, candy and nuts were given to the ones who make it possible for all hundreds of train lovers to see the 454 TONS of engine and tender come puffing into town. It isn't exactly chugging along the grass prairie, as it is capable of going over 100 miles an hour!

Courtesy photo

Watching for the train...

Two of the younger viewers were patiently waiting for the train to come. Their dad, Mark Timmerman, wanted them to see the choo-choo!
