

Letter To The Editor

Dear Editor:
This letter is to voice my support for the A and B bond issue on which patrons living in the Thayer Central school district will soon be voting. Though most of my land is taxed in the district, I live outside of it and will be unable to cast a vote in favor of the bond issue.

My children are the fourth generation of Langes to attend school in the district, and I am very pleased with the education they are receiving. My father, Larry, always told me that the education of our children is very important because they are our future. As patrons, you have the opportunity to strengthen OUR school system and make it one that will stand the test of time.

A vote against the bond issue will surely tell people from surrounding communities that we do not regard our school as an important part of our community. A strong school is a drawing card for families moving into the area. It is not uncommon for rural towns that lose their schools to become less vital, to lose businesses and population.

There is a strong radiation of supporting education in Thayer County. After the May 1953 Hebron tornado destroyed dozens of homes and business and ripped the roof off the high school, people banded together and rebuilt. They made sacrifices, invested in the future, and moved forward. Fast-forward to the 1970's. Though interest rates were high, taxpayers supported the school board's decision to build the intermediate

building and move most of the school's students to a single location. Now, the school board has brought forth a plan for a unified campus where all Thayer Central students are housed in one building. It is time for this generation to sacrifice a little and continue in the spirit of their forefathers to secure a good education for the children of the district. Yes, it is a lot of money, but it's an investment in the future of both the children and the town itself. A "yes" vote on A and B is in the best interest of the children, and quite possibly the best interest of Hebron itself. What would our town look like if previous generations had decided against spending the money to make the needed upgrades?

I have heard several people say, "I don't have any children. Why should I support this?" I wonder how these individuals would have felt if their parents and grandparents had said this when they were in school. The children of today are the adults of tomorrow. The future of our community depends on their success.

To the landowners, who will be hit hardest by higher taxes: how many of you are using the same equipment you purchased back in the 1970s when the last updates on campus were complete? Yes, it will be expensive, but in what better way could the money be spent? It is an investment in the future of the school, the community and most importantly, in the future generations of students who will make this district one of the best in the state.

/s/John Lange

School Bond Issue Question and Answer

Thayer Central Community Schools superintendent Drew Harris will release answers to some of the most common questions regarding Proposition A and Proposition B in the district's November newsletter. Featured below is a preview of the questions and answers.

What will happen to the Primary Building? We would likely look at selling that facility, potentially separating the lots at the north end of the playground for sale as residential lots.

Do we need 12 new classrooms? We currently have seven rooms at the Primary and one room at the Catholic Church annex. We would utilize two rooms for special education and could utilize the other two for any variety of purposes, including a computer room, art room, or junior kindergarten room, for example.

Why remodel the Intermediate gym for classrooms rather than build new rooms to the south? It is considerably cheaper to remodel a space with existing exterior walls than it is to build new. That space also allows us to create two levels of classrooms, so we get 12 new classrooms as opposed to the six we might get on the south end of the Intermediate.

Why a sunken gymnasium? Wouldn't a ground-level gym be cheaper? By sinking the gymnasium, we are able to create locker rooms and a wrestling room below ground level; these will be used as tornado safety areas and will be large enough to accommodate all of our students in an emergency situation.

Why remodel the newer gym, not the older one? The configuration of the gym allows us to create more classrooms in the newer Intermediate gym. Additionally, if Proposition A passes but B fails, we will still need to use the High School gym for our music and drama performances.

Why would we want an auditorium? We are fortunate to have excellent fine arts programs and a great number of students that participate in them; currently they perform in a 50-year-old

gym. An acoustically-designed auditorium would maximize the experience for our patrons and keep kids interested in participating. Studies show that students involved in the fine arts have higher levels of achievement overall compared to peers. The auditorium would also be made available for community use and activities expanding the cultural events available to our communities.

What are the specific improvements included in the Propositions?

Proposition A: 12 new classrooms • hallways, stairs, and elevator • new competition gymnasium • two new locker rooms • wrestling room • new main entrance and support offices • new multimedia classroom • lobby with new restrooms and concessions area • fire protection system for all buildings • floor covering replacement in both buildings • weight room renovations • high school science room improvements • new high school lockers • cafeteria improvements • additional parking east of the Intermediate school area • corridor connecting the buildings, improving student safety and building security.

Proposition B: 650-seat auditorium with control room • new vocal and instrumental music classrooms • music storage and practice rooms • self-contained so that auditorium can be used with-out accessing main building.

Will the levy amount stay the same for all 20 years of the bonds? If valuations increase, the levy amount would decrease, but the amount of money raised would be the same. The amount of money needed to pay back the bonds each year is a constant, the levy required to raise that amount changes as valuations change.

Following graduation, Ashley is going to attend Briar Cliff College to play volleyball and major in mass communications.

Hintz Selected To Nebraska All-State Chorus

Each year, approximately 2,000 of the best high school musicians in the state audition for a Nebraska All-State group. Selection as a member of one of these groups is one of the highest musical honors attainable in Nebraska.

Matt King, chair of choral affairs for the Nebraska Music Educators Association, is pleased to announce that Ben Hintz will be among the 440 students selected to be a part of the 2012 All-State Chorus. Ben is a junior at Thayer Central High School and his parents are Mark and Juli Hintz.

Guest conductor for the group will be Craig Arnold, artistic director and chairman of Manhattan Concert Productions in New York City. The chorus will rehearse Wednesday, Nov. 14 through Friday, Nov. 16 on the University of Nebraska-Lincoln campus, the

Ben Hintz

host site of the 2012 NMEA Conference/Clinic.

A final public concert will be held on Friday, November 16, at the Lied Center for the Performing Arts on the University campus.

VOTE FOR A&B ON NOV. 6!

WHAT IS IT?

Proposition A...

- converts Intermediate gym into 12 elementary classrooms (two levels) and moves all primary students to main campus
- connects Intermediate and High School with new competition gymnasium and corridor, which eliminates safety issues of students crossing between buildings; includes new lobby, restrooms, and concession area
- adds underground locker rooms and wrestling room (with stairs/elevator), which would also serve as new storm safety areas; this would be a large enough space to enable all students to gather in the same area in an emergency
- creates a centralized entrance that houses building administrators & support staff/services
- replaces floor coverings in both buildings
- renovates high school science labs
- upgrades existing weight room
- adds a significant number of parking spaces on the east side of the Intermediate
- updates fire protection system for all areas
- provides cafeteria improvements
- replaces the high school lockers
- includes a new multimedia classroom

Proposition B...

- creates 650-seat auditorium with control room
- adds vocal/instrumental music classrooms, music/drama storage & practice rooms
- self-contained so auditorium can be used without accessing main building

Together, A&B...

- bring all of our students together to create a safer, more unified educational environment!

HOW MUCH?

Proposition A
The estimated bond levy increase is 16.08 cents per \$100 of taxable valuation. Calculate the tax increase on specific property by multiplying the taxable valuation by .001608. Example: \$100,000 taxable value x .001608 = **\$160.80 annual tax or \$13.40 per month**

Valuation	Annual	Monthly
\$50,000	\$80.40	\$6.70
\$100,000	\$160.80	\$13.40
\$200,000	\$321.60	\$26.80
\$1,000,000	\$1608.00	\$134.00

Proposition A & B
The estimated bond levy increase is 22.95 cents per \$100 of taxable valuation. Calculate the tax increase on specific property by multiplying the taxable valuation by .002295. Example: \$100,000 taxable value x .002295 = **\$229.50 annual tax or \$19.13 per month**

Valuation	Annual	Monthly
\$50,000	\$114.75	\$9.56
\$100,000	\$229.50	\$19.13
\$200,000	\$459.00	\$38.25
\$1,000,000	\$2295.00	\$191.25

WHY...?

...create 12 new classrooms? To move the Primary students to the main campus, they need to create the 7 rooms (plus one at the Catholic Church Annex) that they currently use. Two more rooms will be utilized for special education studies, and the other two will be used for a variety of purposes (computers, art, junior kindergarten).

...remodel the Intermediate gym for classrooms rather than build new ones to the south? It is much cheaper to remodel a space with existing exterior walls than it is to build new. They also can create two levels of classrooms to get 12 instead of just the six they might get at the south end of the building.

...remodel the newer gym, not the older one? The configuration of the Intermediate gym allows them to create more classrooms. Additionally, if Proposition A passes but B fails, they will still need the high school's gym for music/drama performances.

...build a sunken gymnasium? Wouldn't a ground-level gym be cheaper? By sinking the gymnasium, they are able to create locker rooms and a wrestling room below ground level; these will be used as tornado safety areas and will be large enough to accommodate all students in an emergency.

...do they need an auditorium? TCCS is fortunate to have excellent fine arts programs and a great number of students who participate in them. Currently, they perform in a 50+-year-old gym. An acoustically-designed auditorium would maximize the experience for patrons and keep kids interested in participating. Studies show that students involved in the fine arts have higher levels of achievement overall. The auditorium would also be available for community use and would potentially increase the number of cultural events available locally.

Eagles

The Bruning-Davenport/Shickley football team advanced to the second round of the 2012 D-1 state playoffs after defeating Pawnee City 41-0 in the first round last Thursday night.

The second round will be played tonight, Oct. 31, against Creighton on the Shickley field. Kickoff is at 5 p.m. Both Creighton and BDS are 8-1.

In the contest against Pawnee City, BDS held the Indians to 181 total yards while amassing 297 of their own coverage on eight first downs in the 41-0 defeat.

"We've waited for a whole year to see our 'friends' from Creighton again," said BDS Coach Mark Rotter. Creighton knocked BDS out of the 2011 playoffs in the quarterfinals last year.

Ryan Tegtmeier led the squad in both passing (131 yards) and rushing (126 yards.) He also scored two touchdowns on 49- and 50-yard runs as well as two PATs. He also kicked two PATs.

Other scoring came from Grant Nordor on a 4-yard pass; Nathan Hendrickson on a 8-yard run; and Wyatt Schoenholz on a 57-yard pass and 12-yard run. Schoenholz also ended a Pawnee City second-quarter 10-play 37-yard drive with an interception.

Freshman Sam Christensen started the game on offense and defense in the line and led all tacklers with 15. "Sam will give you 100 percent play whistle to whistle, at any position you put him in," said BDS Coach Chris Ardissono.

last week ending the team's season on a 5-4 record.

"St. Cecilia really got after us," said Thayer Central Coach Josh Lanik. "They controlled both sides of the ball and anytime you play an opponent two weeks in a row, it is going to be tough. But I thought St. Cecilia really came out firing."

The Bluehawks held Thayer Central to 34 total yards and only three first downs. "That demonstrates how St. Cecilia controlled the line of scrimmage," Coach Lanik said. "Defensively we struggled to get key third-down stops and the entire game was played

on their side of the 50-yard line."

St. Cecilia put together 397 yards on total offense. "We really never got going on offense," the coach said and added, "Obviously we are disappointed with the outcome, but we have to remember all the great things we did this season and not let this one game ruin our memories."

Coach Lanik will lose nine seniors to graduation this year including Dalton Kenning, Trent Tietjen, Greg Dightman, Clayton Hintz, Tyler Van Cleef, Cody Mumm, Brian Loontjer, Dietrich Brinegar and Kalen Wenske.

Titans

Thayer Central defeated Heartland to take third place in the Southern Nebraska Conference tourney last Friday night. The Lady Titans went 25-21, 25-20, 25-27, 25-22 in the final round of the competition.

"We played well against a rated D-1 No. 6 Heartland team; our passing was spot on which allowed us to get into system even off of serve receive," said Thayer Central Coach Kurk Wiedel.

Bridgette Baden led at the net with 29 kills and three ace blocks while Kelsey Long added 15 kills and 19 digs. Tashia Mumm put up three ace serves while Tarryn Tietjen added 37 assists.

In the semi final round on Tuesday, the squad fell to a feisty Sandy Creek team 14-25, 22-25, 25-23, 22-25 setting them up for the third place finale.

"We struggled throughout the match on service and serve receive that allowed Sandy Creek to use their all-state middle hitter Mikaela Shaw to get easy points," said Coach Wiedel. "We would put together strings of points only to miss a key serve that stopped our momentum."

The Titans lift their record to 19-7 with the SNC win as they headed into C-2 sub-district action Tuesday night. The district final will be this Friday Nov. 2.

Against the Lady Cougars, Bridgette Baden led the way with 27 kills, three ace blocks and 14 digs. Ashley Petersen

provided two ace serves while Tarryn Tietjen had 39 assists.

Eagles

The Bruning-Davenport/Shickley Eagles swept the Palmer triangular last week as they prepared to participate in the D1-2 subdistrict tourney that started Monday night. In round one, the Eagles defeated Friend 25-20, 25-8, 25-18, advancing to face Exeter-Milligan in the second round Tuesday. The district final will be held Thursday, Nov. 1.

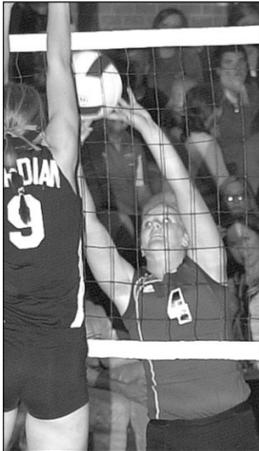

In the Palmer triangular, the Lady Eagles defeated Lawrence-Nelson 25-9, 25-19, and the hosts 25-22, 25-10.

"The Palmer Lady Tigers came out fired up and took a 20-13 lead in game one," said BDS Coach Dan Sorge. "Matyson Kleinschmidt got us back in the game with eight straight serving points. We finished the game on two Christy Swartzendruber serves."

Kleinschmidt provided 19 assists in the contest while Swartzendruber led at the fence with nine kills. Makaleigh Yantzie and Taylor Houck added eight and seven kills respectively, while Kalli Schroeder controlled the back court with 23 digs.

In the subdistrict contest against Friend, Yantzie led the way with 17 kills, 4 service aces and 16 digs. Swartzendruber provided 12 kills while Kleinschmidt had 18 assists and two service aces.

The Lady Eagles are 24-4 with the victory.

Dragons

Deshler went 1-1 at the Meridian tournament last week falling to Giltner 13-25, 13-25, 12-25, and defeating Meridian 25-22, 22-25, 27-25, 25-23.

On Monday, Oct. 29, the Lady Dragons entered into D2-2 subdistrict action defeating Meridian to advance to the second round on Tuesday against No. 1 seed Giltner.

Against Meridian, Deshler went 19-25, 28-26, 27-25, 25-14 in the victory.

The squad lifts its record to 18-8. The district final will be this Thursday, Nov. 1.

OUR JUDICIAL DISTRICT DESERVES FAIRNESS
 The election to retain District Court Judges has placed Judge Vicki Johnson on the ballot for retention. Judges should not be biased, prejudicial, unfair and discourteous.
 In my opinion, any pro-se litigant receives biased, prejudicial, unfair and discourteous treatment from Johnson's District Court. This also has extended to some male litigants.
 Let's make our District Court System fair, courteous and not biased.

ELECTION PREVIEW

EDITOR'S NOTE

Nebraskans will be voting on four issues when they go to the General Election polls on November 6. So that voters can better understand these important proposed changes to the state Constitution, the Nebraska Press Association in cooperation with this newspaper has prepared this report. This report briefly defines each issue, explaining its purpose.

AMENDMENT 1

Candidates for office who commit a misdemeanor in pursuit of the elected position would be subject to impeachment if voters adopt this proposed amendment to the Nebraska Constitution. Lawmakers approved LR19CA to bring this matter to the voters in the aftermath of a highly controversial University of Nebraska Board of Regents race eight years ago. Current law allows for the impeachment of an elected official only for misdemeanors performed while in office. After newly elected Regent David Hergert was seated in 2004, it was discovered that he violated campaign finance laws by not reporting his spending in time to trigger automatic public funding for his opponent, incumbent Don Blank of McCook. A vote for this amendment would allow for impeachment for acts committed in pursuit of the office. A vote against would not authorize such impeachment.

AMENDMENT 2

Hunting, fishing and trapping would become protected rights for Nebraskans if voters approve this proposed amendment to the state Constitution. The Legislature passed LR40CA to place the matter on the ballot. Proponents said it would help preserve the heritage of such activity for Nebraskans and serve as a viable means of managing and controlling wildlife. To answer critics, they pointed out that the measure would not modify any provisions of law dealing with property rights or trespass and would also be subject to other restrictions as prescribed by existing law. A vote for Proposed Amendment 2 would set forth a constitutional right to hunt, to fish and to harvest wildlife as a management tool. A vote against the proposal would result in the activities not being recognized in the Constitution of Nebraska.

AMENDMENT 3

State Senators would be allowed to serve three terms instead of two if voters approve this proposed amendment to the Nebraska Constitution. Term limits were adopted under Initiative 415 in 2000, a move that limited senators to two terms in office. Proponents of that measure clearly indicated a desire to remove controversial Omaha Senator Ernie Chambers who served longer than any other state senator (38 years). In the 2012 session, lawmakers approved LR358CA to allow for the third term to be added. This is the same Legislature that saw five committee chairs and a popular Speaker of the Legislature ineligible to run again under the current two-term limit. A vote for Proposed Amendment 3 would change the number of terms a member of the Legislature may serve from two to three. A vote against the amendment would leave the limit at two consecutive four-year terms.

AMENDMENT 4

The last time voters agreed to increase the salary of Nebraska State Senators was 24 years ago. That was 1988, and lawmakers saw their salary increase to \$1,000 a month, or \$12,000 a year with the beginning of the legislative session in 1989. That increase tripled the \$4,000 annual salary that senators had received for years. Proponents of the new measure say that nearly a quarter century of economic change is long enough and senators should receive a raise. The Legislature passed LR373CA to increase the salary to \$22,500 a year, beginning January 9, 2013, if voters approve. Sponsors of the bill had sought a \$32,000 annual salary, but a committee amendment lowered the amount and lawmakers approved. A vote for the amendment would increase the salary for members of the Legislature. A vote against the constitutional amendment would result in no change in the salary.

PROPOSED CONSTITUTIONAL AMENDMENTS

Proposed Amendment No. 1

A vote FOR this constitutional amendment would authorize impeachment of civil officers for acts that occur in pursuit of the office. Current law only allows for impeachment for acts that occur while in office.

A vote AGAINST this constitutional amendment would not authorize impeachment of civil officers for acts that occur while the civil officer is pursuing the office.

For

Against

Proposed Amendment No. 2

A vote FOR this constitutional amendment would set forth a constitutional right to hunt, to fish, and to harvest wildlife and would designate public hunting, fishing, and harvesting of wildlife as a preferred means of managing and controlling wildlife. The right set forth by this constitutional amendment would be subject to certain laws, rules, and regulations, and this constitutional amendment would not be construed to modify current laws relating to trespass or property right laws or constitutional provisions pertaining to water.

For

Against

A vote AGAINST this constitutional amendment would result in the right to hunt, to fish, and to harvest wildlife not being added to the Constitution of Nebraska and public hunting, fishing, and harvesting of wildlife not being designated a preferred means of managing and controlling wildlife.

A constitutional amendment to establish the right to hunt, to fish, and to harvest wildlife and to state that public hunting, fishing, and harvesting of wildlife shall be a preferred means of managing and controlling wildlife.

For

Against

Proposed Amendment No. 3

A vote FOR this constitutional amendment would change the number of terms a member of the Legislature may serve from two consecutive four year terms to three consecutive four year terms.

A vote AGAINST this constitutional amendment would retain two consecutive four year terms as the number of terms a member of the Legislature may serve.

A constitutional amendment to change the limit on legislative terms to three consecutive terms.

For

Against

Proposed Amendment No. 4

A vote FOR this constitutional amendment would increase the salary for members of the Legislature from twelve thousand dollars per year to twenty-two thousand five hundred dollars per year, beginning January 2013.

A vote AGAINST this constitutional amendment would result in no change in the salary for members of the Legislature.

A constitutional amendment to change the salary of members of the Legislature to twenty-two thousand five hundred dollars.

HEBRON CITY COUNCIL PROCEEDINGS OCT. 17, 2012

Hebron City Council met in special session, Wednesday, October 17, 2012, at 6:00 P.M., at the City Hall. Mayor Shane Day presided and the proceedings were recorded by City Clerk Jean Nagey. Upon roll call, the following Councilmembers were present: Richard Koch, Beth Goldhammer, Larry Fangmeier, Robert Dodes, Kurk Wiedel. Absent: Councilmember Jay Bauer. Also present: City employee Chris Fangmeier and Attorney Joe Casson.

Notice of this meeting was given in advance by Posting. Notice of this meeting was simultaneously sent to the Mayor and Council and a copy of their acknowledgement of receipt of notice is attached to these minutes. Availability of the agenda was communicated in the advance notice and in the notice to the Mayor and Council of this meeting. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public.

ANNOUNCEMENT - OPEN MEETINGS LAW

Mayor Shane Day informed the public of the location of the posted information concerning the open meetings law.

CHEESE PLANT ISSUES

Attorney Joe Casson was present to discuss the cheese plant issues. After considerable discussion, it was decided to have Attorney Casson formulate a draft of an agreement between the City of Hebron and David and Janelle Farnstrom with Mayor Shane Day as the City's contact. This agreement will be presented at the November 5th City Council meeting for consideration by the Council.

ADJOURNMENT

Motion for adjournment was made by Wiedel and seconded by Fangmeier. Meeting adjourned.

/s/ Shane Day, Mayor

I, the undersigned, City Clerk, for the City of Hebron, Nebraska, hereby certify that the foregoing is a true and correct copy of proceedings had and done by the Mayor and Council; that all subjects included in the foregoing proceedings were contained in the agenda for the meeting; kept continually current and available for public inspection at the office of the City Clerk; that such subjects were contained in said agenda for at least twenty-four hours prior to said meeting; that at least one copy of all reproducible material discussed at the meeting was available at the meeting for examination and copying by members of the public; that the minutes were in written form and available for public inspection within ten working days and prior to the next convened meeting of said body; that all news media requesting notification of the time and place of said meeting and the subjects to be discussed at said meeting.
